They rapidly spread nucli they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skiltut physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them, he should tear open the fes-tering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your SatisArARILLA, and applying the loddle of potash lotion, as you direct. The sore began to heal when we had finished the second. The child's cyclashies, which had como out, grew again, and he is now as healthy and fair as any other.
