D. W. Scott, Jr.

well township, this county, on Thursduration.

We first knew Mr. Scott as a stunt to us. years ago, and since that time it was our privilege to become intimately acquainted with him. After leaving Beaver Academy, he went to Jeffer ments: son College, where he graduated; and soon after commenced the study of Theology, with a view of entering the for sale. ministry. Before completing his Theological course, his health gave way, and he was compelled to relinquish study, for a short time, as he supposed to recruit his health. It was during this time that he took charge of the Argus, hoping to find employment suited to his ability and taste, and intend as soon as his health would permit. tim that an editorial life would only and of established reputation as teachlisten his decline, and he retired, be- ers. leving then perhaps for the first time that his work on earth was almost done. Our readers will all remember how sad

I lew works ago his younger and only biother died from the same disease, and they now lie side by side.have suffered loss.

The subject of our notice was a young ing forward in joyful anticipation to of age, and a very estimable citizen. June 15'64

the life of immortality beyond the Resolutions of Pittsburg Presbygrave. In his life and death he has left a noble example worthy the highfriends

igorous action, and eaves the tystem to

The scrofulous contamination is va riously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habitathe depressing vices, and, above all, but the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending from parents to children unto seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements, which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigora-tion of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofnless disease. Ayer's Sarsaparilla

is compounded from the most effectual anti-dotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropey Neuralgia Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in Area's Augustan for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to rome one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims for more subject to disease and its fatal results. than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remidy which is adequate to its cure. This we now offer to the public under the name of Aven's SARSAPARILLA, although it is composed of ingredients, some of which exceed the lipst of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purpe out the foul corruptions that ret and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this semedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out

on any part of it.
We know the public have been deceived by many compounds of Sarsaparilla, there promised much and did nothing; but they will neither be deceived nor disappointed inis. Its virtues have been prodant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more ef-fectual than any other which has ever been available to them.

AYER'S CHERRY PECTORAL. The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages

of the disease. This has been so long used and so upiversally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done. Prepared by Dr. J. C. Aver & Co.
