

THE BEAVER ARGUS

November 22d, 1865.

LOCAL AND MISCELLANEOUS.

We are under obligations to Joseph M. Creery, now of New York City, for the city papers.

Don't Forget It.—Postmasters will take notice, that when a subscriber takes away their paper, they are bound to the publisher of the removal, or they will be held accountable for the subscription.

Hon. JESSE LAYBARK.—The Hon. Jesse Laybark, late member of Congress from this (24th) District, has purchased a farm near Washington City, and is about to remove to it.

An error occurred in the publication of the awarding of premiums at the County Fair. Mr. Henry Baker informs us that he received the premium for best heavy draft stallion 23 years old, instead of second best, as published in the report.

Stoves, &c.—If you want to buy a good Cooking Stove that will give you satisfaction, go to A. Bestwick, in New Brighton. If you want to buy an article of Tin, Copper or Sheet Iron ware, go to Bestwick. He is a first workman, keeps the best articles always on hand, and sells them cheap.

TRANSPORTING.—Gov. Garvin has issued a proclamation setting apart the 15th day of December next as a day of thanksgiving and prayer for not only the ordinary blessings showered down upon us, but for His mercy in leading us out safely from a long and trying war.

THE OFFICIAL MAJORITIES at the last election in Pennsylvania, foot up as follows: Harritt, (Union) 46,898; Davis, (Dem.) 28,882—majority for Harritt, 21,016. Last year it was 20,675, a gain of 941. This will do for an important State election. Next year we will increase the majority ten thousand.

Notice.—The Stockholders of the Enterprise Oil Company, now being organized by Mr. Thos. J. Reisinger to operate in the Burning Springs district, West Virginia, will meet at the Treasurer's Office, Beaver, on Friday, the 24th inst. at one o'clock P. M., for the purpose of completing the organization, and making all the necessary arrangements to commence boring immediately. A full attendance is earnestly requested.

LECTURE.—Mrs. S. E. Thompson, the celebrated Spy from East Tennessee, will speak at the Court House, in Beaver, on Wednesday and Thursday evenings, and at Rochester on Friday and Saturday evenings of this week. It will be remembered that Mrs. Thompson is the lady who caused the capture and death of the notorious John Morgan. Her return cannot fail to be interesting.

The Grand Jury last week found but three true bills of indictment. At September sessions the number of true bills found exceeded forty. This is quite a falling off, and if it continues, speaks well for the morals of Beaver county. The prevalence of crime for the last year has been startling, and trust we have in this an indication that law and order has regained the ascendancy.

THE SOUTH CAROLINA LEGISLATURE adopted the Constitutional Amendment abolishing slavery. New Jersey has gone Republican, and South Carolina has abolished slavery. What will now become of the Democratic party? Their strongholds have surrendered, and in no other State has the party a sufficient foothold to make a stand. Democracy survived rebellion but six months, and one is as completely subdued now as the other.

Accidents.—On Tuesday morning, between six and seven o'clock, the Wellsville accommodation train on the Cleveland Pittsburg Railroad, coming east, was thrown off the track near Liverpool by the breaking of a rail, and the baggage and two passenger cars precipitated over an embankment twenty feet in depth. A number of the passengers were injured, among whom were D. L. Imbrie, Esq., and Samuel Hamilton, of this place; Capt. Milo R. Adams, the Treasurer of Beaver county, and a young man named Reno, of Rochester. None of them are seriously injured, however.

Frank Park, a student at the Academy, in this place, had his collar-bone broken last Monday while wrestling with some of his comrades.—Local 17th.

A DEMOCRAT OF THE LATE ELECTIONS.—Our neighbor of the New Castle Gazette, in speaking of the late elections, in which his party was so badly beaten, "comes down" in the following style—evidently a little soured, but no more so than could be expected under the circumstances.

The elections on the 7th inst.—in New York, New Jersey, Maryland, Massachusetts and Illinois—all went in favor of the Republicans. Yes, even little Jersey, has for the first time, since she was a member of the Democratic banner, been displaced for a new one of fanaticism. The Democrats are now without a single State, save little Delaware, and are consequently, reduced to the condition in which we may say—have everything to gain and nothing to lose. The former consolation there may be in such a condition, arises chiefly from a consciousness of total irresponsibility, so far as the management of the government is concerned.

Copy.—But two cases were tried in Court, viz: Commonwealth vs. David Blinton and Joseph Campbell, for assault and battery, and James Libbenner vs. Martin, for seduction and fornication and bastardy. The defendants in the first case were two police officers of Allegheny City, who on pretence of arresting persons engaged in extracting freight from the Pittsburg Fort Wayne and Chicago Railroad, at Homewood station, in this county, seized the watchman, John Freed, one of the most honest, mot, and faithful employees, and without warrant or law forcibly carried him to Allegheny City, and locked him up in the watch house. The verdict of course was guilty, and defendants are now awaiting sentence. The last case occupied four days in trial; Benjamin James, an old offender, plead guilty to selling liquor contrary to law, and was remanded to jail to await sentence. A number of Commonwealth cases were continued to this week for trial.

Oil.—The Pittsburg and Little Beaver Oil company struck oil on the Duck property last week. It has not been sufficiently tested yet, but will prove at least a ten barrel well.

The Ohio Oil company, composed of D. C. Thompson, John Gangey, Esq., and Ormes, struck a twenty-five barrel well last week. We congratulate our worthy Treasurer on his good luck.

Williams' well, on the Dawson farm, struck last week, we are informed is now flowing thirty barrels per day. It is, altogether, the best well in the county.

The Glasgow Oil company struck a new well last week (No. 5); ten bbls. Eureka Oil company struck an eight barrel well.

Christy Oil company struck a twelve barrel well.

These are all on Little Beaver creek and Island run. Then we hear every day an account of new wells being struck at Smith's Ferry and Dry run.

We clip the following from the Petroleum Centre correspondence of the Titusville Herald, of the 9th inst. Two of the gentlemen named, Messrs. Anderson and Hawkins, are well and favorably known in this community, both having been engaged in business in Rochester for some time.

Mr. G. K. Anderson is, in all probability, the largest dealer in oil stock on the creek. One year ago the first of this month, Mr. Anderson came to Petroleum Centre, from Greenville, Pa., and took charge of the Store Farm Company's business, General Superintendent. To-day he owns and is working more wells, individually, than any other man between Titusville and Oil City. In fact, he is justly entitled to the rank of "oil king" in this section of the State.

Last spring Mr. Anderson struck out for himself a well two wells alone, refinding to sell them thirty-second in order. Both of these undertakings were a decided, and, for him, glorious success. They are now producing three hundred and fifty barrels per day (Wednesday) and several more next week. Drilling all this, he owns one-half and one-fourth in seven more wells, and everything which contains any of his money is on first-class territory.

The success and secret of Mr. Anderson's great success is merely his personal superintendence of all his own affairs. The gentleman associated in his business are themselves practical and thorough-going oil men, and also have operators—now putting down some "hot" on the Anderson and G. W. McClintock farms. These gentlemen—Messrs. A. C. Hawkins and H. McWaters—own the entire working interest in the seven leases spoken of above, aside from the shares of Mr. Anderson.

Mr. Hawkins is the owner of the Store Farm Oil Co., while Mr. McWaters has charge of four of Mr. A. S. wells.

The New York Tribune, of the 18th inst., in speaking of an accident on one of their railroads, which resulted in the death and wounding of several persons, gets off the following bit of sarcasm:

Yesterday morning a train on the New Jersey Railroad actually proceeded over its way as Newark without "an accident," in the sense of the attaches of the Road, evidently ashamed of having failed to hurt a single passenger in nine miles of travel, ran the cars off on a misplaced switch at that point, killing one man instantly, mortally wounding a boy and injuring six other persons with which, it is to be hoped, the Company are satisfied. It will soon be locomotive to determine whether War on locomotives have been the most effective in reducing the population of civilized countries; but we are in favor of the iron horse as a creator of calamities, most decidedly.

PRESIDENT JOHNSON.—A correspondent who was present during the inter-view on Wednesday between President Johnson and the Indians, writes as follows:

"After the Indians had retired, I was presented to the President. He shook hands very graciously, and was pleased to make a number of remarks which I shall treasure. The President has a happy way of receiving visitors on the ear. Like glorious old Andrew Jackson, he believes in the people's ear, and says their judgment is generally sound. He thinks the man who acts conscientiously and intelligently will succeed in the long run. Perhaps none of our Chief Magistrates, from Washington to Lincoln, have been more implicitly trusted and more tenderly beloved than Andrew Johnson. At least, this is the sentiment of nine out of ten hereabouts."

We call attention to the advertisement of O. Lindwick, agent for Healy's Patent Self-acting Wagon Brake. Mr. Lindwick intends visiting the different townships in this county during the fall and winter. Owing to our limited space and time, we are compelled to defer the publication of a more extended notice until next week.

THE COUNTRY EDITOR.—A city temporary gets the following description of a country editor, and remarks that he would not be one. "A country editor is an individual who reads newspapers, writes articles on any subject, sets type, rides proof, prints press-folds and mails papers, works in the garden, talks to all who call, receives blame for a hundred things that are no one's business but his own, works from 5 A. M. to 10 P. M., and frequently gets cheated out of half his earnings."

The following lines were picked up a few weeks ago on the battle-field where Gen. Johnson surrendered to Gen. Hancock, near Spotsylvania, by a gentleman who visited that place for the purpose of removing the remains of a friend:

On fame's eternal camping grounds Their silent tents are spread, And glory guards with solemn rounds The bivouac of the dead.

A BIG THING.—The libel suit of Postmaster Cook, of Chicago, against Horace Greely, of the Tribune, (for calling him "a speculator of government funds," &c.) is up for argument in the New York Circuit Court. The plaintiff lays his damages at \$50,000.
