call SCROTULA IN vies of men. It fall into disorder and leaves the system to

food, impure air, filth and filthy habits, the depressing vices, and, above all, by the renereal infection. Whatever be its origin, it is hereditary in the constitution. the venereal infection. Whatever to the origin, it is hereditary in the constitution, descending "from parents to children and the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs is attacks. In the lungs, Scrofula produces taker various names, according to the organs is attacks. In the lungs, Scrofula produces taker various names, according to the organs is attacks. In the lungs, Scrofula produces taker various names, according to the organs is attacks. In the lungs, Scrofula produces taker various and liver companies in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce fedingestion, dyspepsia, and liver complaints; on the skin, eruptive and cutancous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease. Ayer's Sarsaparilla

is compounded from the most effectual anti-dotes that medical science has discovered for this afflicting distemper, and for the cure of the disorder it entails. That it is far supe-rior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs; White Swellings, Debility, Dropsy, Neuralgia, Dypepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole Byphilitic intections, mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in Aven's Auencaus Almanac, which is furnished to the druggist for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofuld depresses the vital energies, and thus leaves its victure far more subject to disease and its fatal results than are healthy constitutions. Hence than are healthy constitutions. Hence at tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a semedy which is adequate to its carge. This we now offer to the public under the name of Average Sarsarantla, although it is composed of ingredients, some of which exceed the best of Sarsarantla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purpout the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the visal liar virtues this remedy stimulates the viral functions, and thus expels the distempess which lark within the system or burst/out

on any part of it.

We know the public have been deceived by many compounds of Europovilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abun Settlement of the affairs on the 12th Dec. 64 dant trial, and there remains no question of Capital stock.........\$1,000,000 00 its surpassing excellence for the cure of the afflicting diseases is is intended to reach.
Although under the same name, it is a very different medicine from any other which has been before the people, and is far more of fectual than any other which has ever been available to them.
