

BRITISH PERIODICALS.
The American Publishers (London) reprint the above-named periodicals, but at the cost of printing has doubled the price of paper nearly trebled, and taxes, duties, licenses, etc., largely increased, they are compelled to address their terms as follows:
TERMS FOR 1865.
For any one of the Reviews..... \$4.00
For any two of the Reviews..... 7.00
For all four of the Reviews..... 12.00
For Blackwood's Magazine..... 4.00
For Blackwood and three Reviews..... 10.00
For Blackwood and any two Reviews..... 10.00
For Blackwood and the four Reviews..... 15.00
The works will be printed on a greatly improved quality of paper, and while nearly all the Reviews are either advanced, in price or reduced in size, and very generally both, we shall continue to give faithful copies of all the matters contained in the original editions. Hence, our present prices will be found as cheap for the amount of matter furnished, as those of any of the competing periodicals in this country.
Compared with the cost of the original editions, which at the present premium on gold would be about \$100 a year, our prices (\$15) are exceedingly low. To this fact that we make our annual payments to the British Publishers for early sheets and copyright in Gold—\$1 costing us at this time (Jan. 1865) nearly \$2.50 in currency—and we trust that the same we have adopted we shall be entirely justified by our subscribers and the reading public.
The interest of these Periodicals to American readers is rather increased than diminished by the articles they contain on our Country, and though sometimes they may be prejudicial, they are still, considering their great ability and the different stand-points from which they are written, to be read and studied with advantage by the people of this country, of every creed and party.
THE FOUR REVIEWS for 1863.
A few copies of the above remain on hand, and will be sold at \$5 for the whole, or \$2 for any one.
We also publish the

WHEELER & WILSON'S
SEWING MACHINES.
The Best, Most Reliable Sewing Machine Now in Use!
These Machines make the lock-stitch alike on both sides, and use less than half the thread and silks that the single or double thread loop-stitch Machines do. It will Stitch, Hem, Fell, Quilt, Tuck, Plait, Gather, Cord, Braid, etc., all without previous basting; and are better adapted than any other Sewing Machine in use to the frequent changes and great variety of sewing required in a family; or they will sew from one to twenty thicknesses of Marseilles without stopping, and make every stitch perfect; or from the finest gauze to the heaviest beaver cloth, without changing the feed, needle or tension, or making any adjustment of machine whatever!
It has the following advantages over all other machines:
Far greater variety of work, beauty and excellence of stitch, speed and quietness of motion, simplicity of construction; ease and management; elegance of design and finish.
These are peculiar facts, and will go far to determine the choice of an intelligent buyer.—Please call and examine.

HARPER'S NEW MONTHLY MAGAZINE.
Critical Notices of the Press
It is the foremost Magazine of the day.—The friends never had a more delightful companion, nor the million a more enterprising friend, than Harper's Magazine. Methodist Episcopal (Baltimore).
"The most interesting Monthly in the World."—New York Observer.
We must refer in terms of eulogy to the high tone and varied excellence of HARPER'S MAGAZINE. It is a monthly circulation of about 70,000 copies, which are read to the sound of the bell of the most intelligent and general reading of the day. We speak of this work as the evidence of the American People; and the popularity it has attained is merited. Each number contains fully 144 pages of brilliant matter, ably illustrated with good wood-cuts, and it combines in itself the best of the monthly and the more philosophical quarterly, blended with the best features of the daily. It has great power in the dissemination of a love of pure literature.—Traveller's Guide to American Literature, London.
The volumes bound constitute of themselves a library of miscellaneous reading such as cannot be found in the same compass in any other publication that has come under our notice.—Boston Courier.
