

NEW BRIGHTON RETREAT
AN ASYLUM FOR THE RECEPTION OF MENTAL AND CHRONIC DISEASES

EXCLUSIVELY FOR FEMALES
This institution is now open for the reception of patients who are laboring under mental derangement or other nervous and chronic diseases. We make special mention of nervous and chronic diseases, from the fact that a great number of the female patients that are committed to our public Asylums, to be treated for disordered minds are reduced to that lamentable condition through previous physical disorder. By a well timed and judicious treatment of chronic and nervous diseases, all physical disorders, in the majority of cases, may be removed, and thus the mind, having suffered through the medium of the body will when freed from the exciting physical cause, throw off the shackles that bind it to a worse than midnight darkness, and reason will, once more, resume its sway, clothed in all its primitive beauty and wondrous excellences. Hence the necessity of all those who are laboring under the depressing or exciting causes, calculated in the end to impair the mind to resort to an early and judicious course of remedial agents.
