FOR GOVERNOR.

GEN. JOHN W. GEARY. OF CUMBERLAND COUNTY. Thomas Henry, C. C. The person referred to last week, as the Kopublican who had used the Democratic paper to abuse Republiente, is Thomas Henry. We do not intend to follow his example, and in ? dalge in intemperate abuse either of him or his motives. Beyond a stateOdell about such a proposition having ver county just seventy years; and I was in the bands of the rebels from ment of facts we will say nothing, as been made to him, nor did the writer may be permitted to say they have April, 1864, until the spring of 1865, s'simple statement is sufficient comdemnation. Up to the hour I discovbrod the treachery, 1 verily believed Thomas Honey was my friend, and I ain conscious of no word or act on my part at variance with my professions, of friendship for him. That he should be the author of an article composed of such low, base and contemptable personal attacks not only upon myself, but also Davenport, Quay and Imbrio--all his friends-1 never could have conceived, and was more than astonished to realize. Friend and foe alike condemned and denounced the article, us did Thomas Henry up to the time the anthorship was discovered, and at that yety time was casting the blame upon an innocent man. Our readers will probably remember how often during the last two or three years the Beaver Argus has contained flattering notices of Thomas Renry. Mr. 1mbrie and myself took every occasion to speak well of him. Turn to the Beaver Argus of June 22, 1864, and read what Imbrie says of Thomas Henry. Read that article, and then read what "Vindex," of the Local, says two weeks since of Mr. Imbrie. When you read it, remember, also, that Mr. Imbrie wrote many such, and that he presented to Thomas Henry the sword he carried through the war.
