

**THE BEAVER ARGUS**  
MAY 9th, 1866.  
**LOCAL and MISCELLANEOUS.**  
See Wm. Bingham, Jr., 54 Fifth st., Pittsburg, is the authorized agent for the Argus in that city.  
See Gealy's advertisement in another column.  
We call attention to the sale of the Real Estate of Wm. Obner dec'd., advertised by the Agent, Dr. Thomson, which will be found in another column.  
A correspondent in the Pittsburg Commonwealth brings forward the name of Benjamin Bush Bradford, Esq., of New Brighton, as a candidate for the State Senate in the Beaver and Washington District.  
We were in error last week in stating that young McKean, who was shot at Little Beaver, was dead. McKean is still living and will in all probability recover.  
CHANGE OF VENUE.—A change of venue has been granted in the case of John Lennox, charged with the murder of Robert L. Morrow, in Washington county. The case will be tried in this county, at the June term of Court.  
The Allegheny county Fair will be held on the 10th, 21st and 22d of September.  
LAWING GAS.—Why do you go to Pittsburg to get your teeth extracted by this agent, when you can get it done by Dr. J. Murray, of Bridgewater? See advertisement in this week's paper.  
Col. Coulter, of Westmoreland county, has been announced in the columns of the Pittsburg Register, as Senator Cowan's candidate for gubernatorial honors at the ensuing election.  
We are under renewed obligations to Hon. Edgar Cowan, of the Senate, and Hon. Geo. V. Lawrence, of the House, for favors received. Also to W. C. Duhalp, of the Steamer "Anna," and James W. Edgar, of the Steamer "Kenton," for late Memphis and St. Louis papers.  
Some paper having made the statement that butter should not be kept in the room with petroleum, as kerosene would spoil the butter—giving it a peculiar flavor—a contemporary very justly remarks that some of the butter now a-days is enough to spoil petroleum.  
RECENT STRIKES.—The Grand Turk Oil Company struck a fine well recently at Island Run, West Virginia, which was considered a failure some weeks ago, commenced flowing last week, and is now considered a first class well. The Maple Grove and Conquest have also struck since our last report.  
RELAY TO FARMERS.—The Commissioner of Internal Revenue, under the direction of the Secretary of the Treasury, in the assessment of the annual income, will not require of farmers the return of the value of their farms, produce consumed by themselves, and families. The instructions to assessors, now being prepared, will expressly authorize this relief.  
If you want cheap Bonnets and Hats, go to Gealy's.  
Richard H. Agnew, Esq., the efficient Clerk to the Commissioners, resigned his place last week, on account of ill health, and John A. Sweeney, Esq., late County Treasurer, was selected to fill his place. Mr. Caughey accepted the appointment, and entered upon the discharge of his duties.  
Bamberlin & Wiggins, of New Brighton, dealers in Hardware, &c., have added to their stock Paints, Oils, Putty, &c., and are now prepared to accommodate buyers with the best articles in that line. We hear these gentlemen spoken of everywhere as enterprising business men, and all agree that they are the most accommodating and pleasant of gentlemen to do business with. Reader, take our advice for once, and before you buy elsewhere give them a call.  
The FAYETTE COUNTY HOMICIDE.—Thairwell, the principal in the Housman murder, has confessed that he shot the deceased through the back, while he lay asleep in his bed, and that Mrs. Housman was present with a tub in which to catch his blood. Mrs. Housman, in her confession, alleged that Housman first shot at Thairwell, and that the killing was in self-defense. Thairwell's statement is probably true. He alleges that Mrs. Housman persistently urged him to commit the act until he consented to do so.  
ELECTION OF SCHOOL SUPERINTENDENTS.—The School Directors of Beaver county met at the Court House on Tuesday last week, and selected J. I. Reed County Superintendent for the ensuing three years. Mr. Fields, of New Brighton, was his competitor. The salary was fixed at \$800 a year.  
G. W. M'Cracken was elected Superintendent of schools in Lawrence county, and the salary fixed at \$800—a reduction of \$200.  
The School Directors of Allegheny county selected Mr. Douthitt Superintendent, and raised the salary from \$1600 to \$2000 a year.  
Prof. J. Miller was elected Superintendent of Mercer county. Salary, \$1200 a year.  
Go to Gealy's for the cheapest Confectionery.  
Prof. Mowry, one of the most esteemed teachers of Pittsburg, and who is well known in our own community, has just written the following highly complimentary letter:  
"Dear Sir:—Many years since I decided, after a long experience with numerous makes of Pianos, that those of Chickering and Son's manufacture were the best in every particular. Since then the more I have become acquainted with them, the more I have been convinced of their superiority. I have invariably found them to possess the finest tone, the most perfect scale, the most durable action, to be the most durable, and to give the best satisfaction of any make. For my own use I would have none but a Chickering Piano, and can recommend them to any one who has confidence in my pupils and friends.  
Respectfully yours,  
JOHN C. MOWRY.  
See advertisement in another column."

**Eds. Argus:** "Observer" neglects to say in regard to the exhibition at Freedom, that it was repeated on Friday night to a much larger audience, the gross receipts being \$132 00. As I have a programme before me, I will give you the performance and the performers, omitting those "Observers" who named Dugan—Misses Thompson and McDonald, "Salutatory" by Miss Furrer, (Original) was a fine production, and reflected credit on the authoress. "The first Quarrel" was well rendered by Mr. Porter and Miss M'Connell. In the "Tableau of Hager," Miss Murphy as Hager, Mr. M'Kee as Abraham, and Miss Graham as Sarah, was represented with fine effect. "Three eras, in a man's life" was put on the stage in good style; Mr. Sneed performs well, whether as a groom, a gambler, or a maniac. "Colloquy of the nations" was a nice scene. Miss M'Casey as Israel, Miss Pritchard as Russia, Miss M'Kee as Greece, Miss Grim as Italy, Miss Cole as Germany, Miss Lourimore as Switzerland, Miss M'Connell as England, Miss Furrer as France, Miss Grim as Ethiopia, Miss Murphy as the "Goddess of Liberty." The "three noble gentlemen," by Messrs. T. J. Kerr, F. R. M'Casey and R. H. Kerr, brought down the house. "Burlesque on Tom Thumb," by Messrs. Porter and M'Casey, convulsed the audience with laughter.  
"The source of prosperity" was the grand tableau of the evening, and was rendered in magnificent style, and was pronounced by all as a complete success. Miss Graham representing Rebecca, Miss Cole as Concherose, Miss Thompson as Agri-culture, and the little girls, Edie and Alice Kerr, with Lizzie Ayres as Angels, Thalia M'Casey painting Annie Sneed, with a work-basket; Cora Kerr arranging a bouquet of flowers; Dora Brown reading from a book. "The soldier's return" produced quite a feeling, and was warmly applauded. Mr. M'Kee and Miss Murphy performed their parts to the entire satisfaction of the audience.  
In the "Contest between right and wrong," Mr. Neal as a rebel, Mr. T. J. Kerr as a Federal officer, Miss M'Connell as the Goddess of Liberty, was a thrilling scene. "Now, Moses," by Miss Kerr and Mr. Porter, was a perfect success, and elicited shouts of applause. Mr. Porter makes an excellent "Moses." "Polly Perkins" was sung in fine style by Mr. Porter, and was appreciated. The Vaudeville, by Miss M'Connell, (original) was an excellent piece of composition, and exhibited much thought. "Our Father, who art in Heaven," by little Thalia, was solemn and sublime.  
Great praise is due Mr. Geo. M'Casey for his labor in perfecting the arrangements and carrying forward the programme. In conclusion, all that better than was expected, and the exhibition was a complete success in every particular. X. Y. Z.  
**ATLANTIC MONTHLY.**—The May No. of this excellent magazine is on our table. The contents are: "The Harmonists," by the author of "Life in the Iron-Mills," is a sketch of the village of Economy, in this county; Miss Field's recollections of "The last days of Walter Savage Landor," "Abraham Davenport," a poem by Whittier; "Tomorrow," a sonnet by Longfellow; "Dr. Johns," "Passages from Hawthorne's Note Book," "The Fenian Idea," "Chimney Corner" paper, by Mrs. Stowe; "Edwin Booth," "Among the Laurels," a poem by Mrs. Akers, continuation of "The Griffith Gaunt," by Mr. Hosen Biglow's Speech in March Meeting," is the title of a pungent Biglow Paper, by James Russell Lowell; "Questions of Monuments," a short paper, by W. D. Howells, discussing the means of commemorating the men and events of the war; The usual Reviews, and Literary Notices follow. Address Toknor & Fields, Boston.  
Hon. J. N. M'Callough, President of the C. & P. R. R., at the request of our citizens has kindly ordered the 4:00 western express train to stop at the Beaver station. This is now one of the most important stations on the road, and we think all trains should stop. Our citizens are more interested in the express train going east at 8:00 p. m.; and if Mr. M'Callough could be induced to make the same order as to that train, he would do a great favor to our people. We owe M'Callough many thanks for his continued kindness to us, and all residing along the line of his road. As one favor deserves another, we hope he will grant the second request.  
We may be allowed in this connection to say that the officers, conductors, &c. of the C. & P. R. R. are the most accommodating and obliging men connected with any road. It is a pleasure to do business with them, and we are therefore emboldened to ask those favors that benefit the people as well as the road.  
Gen. John S. Littell, of this county, has been appointed on the Committee of Arrangements having in charge the ceremonies of the reception of the flags of Pennsylvania Regiments, in Independence Square, Philadelphia, July 4th. The Legislature in 1861 provided that the Governor should procure and present to each Pennsylvania Regiment as standards upon which should be inscribed the number of the Regiments and the painted arms of the Commonwealth, and that all the standards after the rebellion was ended should be returned to the Governor, that they might be preserved by the State. The Fourth of July has been set apart for the formal returning of these standards. The selection of Independence Square, Philadelphia, was most fitting and appropriate. To soldiers, their friends and the loyal people of the Commonwealth the occasion will be one of great interest.

**The Soldiers' Convention.**—The Soldiers and Sailors of Pennsylvania are requested to meet in convention in Pittsburg, on the 5th of June next, as will be seen by the following address just issued by Major General Hartranft:  
HARRISBURG, May 1, 1866.  
To the Soldiers of Pennsylvania: In obedience to the authority invested in me by a resolution adopted by the Convention of Soldiers, held in this city on the 8th day of March, 1866, I do hereby request all honorably discharged soldiers and sailors of Pennsylvania to meet in their respective legislative districts, and select delegates, not exceeding five in number—to represent their district in a Soldiers' Convention to be held at Pittsburg on Tuesday, the 5th of June, at ten o'clock, A. M. Where any representative district comprises more than one county, the manner of selecting delegates is respectfully referred to the soldiers of the district for such conference as will result in a fair representation of each county. Citizens who have borne arms in defense of the nation against treason, have an especial interest in the purposes of this convention, and it is desirable that a full representation of the brave defenders of the country as far as possible should be secured on this occasion.  
JOHN F. HARTTRANT,  
Late Brvt. Maj. Gen. U. S. Vols.  
The Lawrence Journal says that the oil fever in that county is on the increase, owing to recent developments on the Slipperyrock, and on the Mahoning. A good well was struck on Thursday last week, by the Lawrence Oil and Mining Company, on the Robinson farm, on the Mahoning river about two miles above Edenburg. We have not been at the well; but we are informed that it is only one hundred and fifty-three feet a crevice about eighteen inches in depth was struck and pumping was commenced. After about eighteen hours pumping, oil came forth, and up to this time is producing one barrel per hour, at the rate of twenty-five barrels per day and night, and increasing. The quality of the oil is fine lubricating and has hitherto sold at \$20 to \$25 per barrel so far as produced.  
**Important to Housekeepers.**  
The steady reduction of the premium on gold has sensibly affected every branch of business. The cost of merchandise in general, is growing less to the consumer every day. Stiles & Shallenberger announce to the public, that their customers have already discovered a heavy reduction in the price of Groceries. They give no quotations, as prices are almost daily changing, and with a downward tendency. This much, however, they will say: With a full knowledge of the Grocery business, they buy the best quality of goods to be found in the best markets, at the lowest cash rates, and have resolved to sell them at an unusually small profit.  
Goods for distant points, are carefully packed, plainly marked, and delivered free of charge, at either of the railroad stations, or on board the trains, when freight is prepaid.

**CHICKERING & SONS' PIANO FORTES.**  
THE instruments now manufactured by this well known, long established firm, are the result of nearly half a century of study, experiment and improvement. Possessing greater advantages than all other makers throughout the long period of increasing experience, (two generations of active, energetic mind have been assiduously employed in perfecting their production.)  
**THE CHICKERING PIANOS**  
Are now at the head of all the instruments manufactured in this country. For purity and sonority of tone, elegance of finish, thoroughness and durability of structure, they rank foremost of all. With the merely mechanical excellence which results largely from the ingenious inventions of Messrs. Chickering themselves they combine a beauty, delicacy, and poetry of tone which is a rare privilege, and seems to depend as much on the intelligence as on the handwork of the maker.  
Among the leading artists who have visited this country and well-known Pianists of Boston and New York who use the "Chickering Piano" in preference to those of other makers is the following list:  
Thalberg, Gottschalk, Wehl, De Meyer, Jaell, Muxio, Sanderson, Hoffman, Pochowski, Drexel, Leonhard, Rakeman, Scarfenberg, Lang, Benedict, Bassini, Warren, Strakosch, Parker, Bristow, Gilder.

IMPORTANT TO PURCHASERS.  
The subscribers are the exclusive wholesale Agents for the Chickering Pianos, for Western Pennsylvania, Eastern Ohio and West Virginia. Special arrangements enable them to sell at exactly the same price as charged at the Factory in Boston, thus saving freight, insurance and risk of transportation to purchasers residing in or west of this city. The subscribers are particularly attentive to the selection of their stock, visiting the Factory nearly every month for this purpose; their experience in the business, musical skill, and practical knowledge of the manufacture of Pianos, enable them to select the very best instruments that Messrs. Chickering produce. Every instrument warranted for 5 years, by the manufacturer and the subscribers. Persons at a distance desiring further information should address the subscribers, who will be happy to send them (post paid) drawings of the various styles of Pianos, prices, &c.—Old Pianos taken in exchange.
