THE CELEBRATION AT PHILADELPHIA.
The celebration at Philadelphia on the 4th of July, or rather the return of the Pennsylvania battle-flags on that day, is said by those who were present to have been a grand and inspiring affair. The city was crowded and everything passed off quietly, notwithstanding the enthusiasm of the large crowd assembled.
One of the most interesting features of the day was the presence there of the orphans of soldiers, whom the State is now providing for and educating at several points within the Commonwealth. There are, we believe, between eleven and twelve hundred of these children in the State, and as they were all neatly attired, well dressed and well behaved, their appearance everywhere elicited the warmest applause. The two schools located in this county for the care and education of these children—one under the supervision of Rev. W. G. Taylor at Philadelphia, and the other under the care of Rev. Weber, of North Sewickley township—were both present at Philadelphia, and their good deportment was observed by many, and alluded to very frequently. Long may these wards of Pennsylvania live, and long may they have an interest in the prayers of all good people.

LOCAL POLITICAL NEWS.—During the past week we had a conversation with a prominent intelligent citizen of Darlington township, and he informs us that an irritable feeling has not even a symptom of dissatisfaction in the Union ranks. All Union men in that locality, he says, are united on the reconstruction policy of Congress, as submitted in the proposed constitutional amendments, and in favor of that method of settling our national affairs. Darlington township will "roll up" more than its usual majority at the fall election.
In Raccoon township, too, we hear that the Union fires are burning brightly, and that all Republicans and Union Democrats in that vicinity are standing squarely and unitedly upon the questions embodied in the proposed amendment. It is the Union party's platform on the subject of reconstruction, and on it, if we throw the usual amount of labor into the canvass, we can carry this county at the fall election by at least 900 majority.

AGRICULTURE.
The Board of Managers of the Beaver County Agricultural Society met at the Court House, on Saturday June 30th, 1886.
Members present: Messrs. Eldred, Wolf, Barclay, H. Wilson, Imbro, Potter, Robt. Potter, J. K. M. Gair, Gibson, Todd, Laird and Barclay W. S. A proposition being introduced by the Local and the Argus to print the List of Premiums and Rules regulating the Fair for sixty dollars each, it was on motion agreed that the publication of the same be given to both papers, provided that they each agree to furnish 250 extra copies of posters and publish the Award of Premiums gratis.
Committee on building houses for the Fair Grounds made report. Report received and adopted, and President empowered to close contract for said house with Aaron Moore, and to accept of a warrant for \$1750, for labor at last Fair.
Hugh M'Guire, A. B. Wolf and Joseph Buchanan were appointed to act as Marshals at the coming Fair. Resolved, That the following premiums will be offered for trotting and pacing at the next Fair:
1st day—Best trotter, mile heats, best 3 in 5, to go as they please, \$100 00. 3 entries to make the race.
2d day—Best pacer, mile heats, best 3 in 5, to go as they please, \$100 00 3 entries to make the race.
In both of the above races 20 percent entrance fee will be required.
3d day—Mule race; 6 to make the race, \$10 00. Slow race; 8 to make the race, \$10 00.
Adjourned to meet Saturday, August 25th, 1886.

CHICKERING & SONS
PIANO FORTES.
THE ESTABLISHMENT OF THE FIRM.
The celebrated Manufacturer of Pianos Jonas Chickering, whose mechanical skill, practical sagacity and audacious industry placed him as the foremost Piano maker in this country, and his instruments far beyond those of his competitors, his name is inseparably connected with the history of the progress of the Piano on account of the many valuable improvements introduced, the perfection of his manufacture and the vast quantity of his production.
This Pleasant Firm consists of the Sons of Jonas Chickering, who assumed the management of business on his decease in 1853. They are all practical piano-makers, each one having served at the work bench and learned every part of the manufacture of Pianos. Their skill, enterprise and ambition has enabled them not only to sustain the unrivaled reputation they inherited, but to greatly increase it. No efforts have been left untried by Chickering Sons to further perfect their instruments, experiments and changes have been made without number, until they have attained their present surpassing excellence.
The late improvements made by Chickering & Sons, within the last two years, have been of the most marked character, by which a great volume and purity of tone is obtained, combined with sweet singing quality rivaling the human voice. By recent improvements in the "action," the touch is rendered more elastic, so that rapid difficult music can be performed with the greatest facility without fatigue.
The facilities for the Manufacturing possessed by Chickering & Sons, are unequalled. The factory is larger than any Piano factory in America by nearly one third, and more than double as large as any in Europe. It is provided with every kind of labor-saving machinery (much of which is peculiar to the Factory, being the invention of the Messrs. Chickering themselves), by which navigation, surveying, engineering, and with more uniformity than by hand. The great extent of the drying rooms enables them to always have on hand a large supply of properly seasoned wood, which is absolutely necessary for the production of a durable instrument. By these means a regular excellence is attained in the Chickering Pianos.
The merits of the new Pianos are so great and so apparent that they have gained the approval of the best artists in this country and caused them to be sought after more than ever by the public.
The Chickering Pianos are Undoubtedly the Most Perfect Pianos Made.
Every Instrument warranted for five years.
The subscribers are the authorized exclusive agents for Chickering & Sons, for Pittsburgh, Western Pennsylvania, Eastern Ohio, and West Virginia, and by special arrangement are enabled to sell their Pianos at the SAME PRICE AS AT THE FACTORY, at Boston, thus saving purchasers the cost of transportation and risk.
A choice assortment always to be found at this Agency.

SHOOTING CRACKERS.—A WARNING TO BOYS.—The recent fire at Portland, Maine, which destroyed nearly the half of that large city, is now known to have originated from a boy throwing a shooting cracker into a pile of shavings. This heedlessness or recklessness on his part was the immediate cause of the destruction of millions of dollars worth of property, besides rendering homeless and homeless hundreds of men, women and children.
In Beaver, on the Fourth of July, we noticed that the boys indulged in this species of fun in a very loose manner—scattering fire crackers almost everywhere, and in numerous instances when falling at the feet of ladies, so frightening them that they could hardly speak for moments afterwards. This is manifestly wrong, and boys who must use fire crackers, and who do not know how to do so without endangering property, frightening females, or causing teams to run away, should be made to feel a sense of the law bearing upon misdemeanors of this character.

MARE STOLEN.—About the middle of last week a fine bay mare, belonging to Dr. McKinney, of this place, was taken from a pasture lot, between here and Vanport. Persons living close by the field in which the mare was confined, say that some time during the night they heard a person, or persons trying to catch the animal, but supposing that the Dr. wished to use her and had sent some one to bring her up, they paid no further attention to the matter. Since then there is a rumor current that a mare answering her description was seen passing through New Lisbon a day or two afterwards, with a man upon her back.

COMMITTED TO JAIL.—On Friday last Jas. Morgan, from the vicinity of Shippingport, in this county, was brought before Esq. Imbrie, of this place, on a charge of attempt to rob. He was committed to jail, to await trial at the next term of our Court.
On the same day Nancy Ciseo and Priscilla Perry, also from the neighborhood of Shippingport, were brought before D. L. Imbrie, Esq., on a charge of threatening to kill Jane Bryant. They were sent to jail, where we apprehend their combative propensities will soon simmer down to a peaceful state.

THEATRE IN ROCHESTER.—On Thursday night of last week, some burglar or burglars broke into the dwelling house of Mr. Armstrong, in Rochester, and stole a fine watch, fifty-two dollars in money, a small telescope and a silver-plated Caster. During the same night, the Grocery store of Mr. Johnson, in that place, was also broken into, and change and goods to the amount of forty or fifty dollars taken from it.
The burglars have not been arrested, and it is highly probable that they will succeed in escaping detection.

VALUABLE FARM FOR SALE.
165 ACRES OF LAND, SITUATE IN Ohio Township, Beaver County, Pa., within 2 miles of Smith's Station, on the Cleveland and Pittsburgh Railroad, and within one mile of Island Run, the celebrated Oil Region. This farm is underlaid with a four foot vein of coal of superior quality, and containing an abundance of limestone; it is well watered by several never-failing springs of excellent water. The improvements are a one and a half story dwelling house, and a two story barn; also a frame barn and a frame stable. There is also upon the farm fruit trees of all kinds. There is about 120 acres of good farm improved, and in a good state of cultivation. The balance well timbered and enclosed under fence. A portion of the land is said to be good Oil Territory. This farm will be sold cheap if a purchaser offers soon.

CHICKERING & SONS (continued).
THE ESTABLISHMENT OF THE FIRM.
The celebrated Manufacturer of Pianos Jonas Chickering, whose mechanical skill, practical sagacity and audacious industry placed him as the foremost Piano maker in this country, and his instruments far beyond those of his competitors, his name is inseparably connected with the history of the progress of the Piano on account of the many valuable improvements introduced, the perfection of his manufacture and the vast quantity of his production.
This Pleasant Firm consists of the Sons of Jonas Chickering, who assumed the management of business on his decease in 1853. They are all practical piano-makers, each one having served at the work bench and learned every part of the manufacture of Pianos. Their skill, enterprise and ambition has enabled them not only to sustain the unrivaled reputation they inherited, but to greatly increase it. No efforts have been left untried by Chickering Sons to further perfect their instruments, experiments and changes have been made without number, until they have attained their present surpassing excellence.
The late improvements made by Chickering & Sons, within the last two years, have been of the most marked character, by which a great volume and purity of tone is obtained, combined with sweet singing quality rivaling the human voice. By recent improvements in the "action," the touch is rendered more elastic, so that rapid difficult music can be performed with the greatest facility without fatigue.
The facilities for the Manufacturing possessed by Chickering & Sons, are unequalled. The factory is larger than any Piano factory in America by nearly one third, and more than double as large as any in Europe. It is provided with every kind of labor-saving machinery (much of which is peculiar to the Factory, being the invention of the Messrs. Chickering themselves), by which navigation, surveying, engineering, and with more uniformity than by hand. The great extent of the drying rooms enables them to always have on hand a large supply of properly seasoned wood, which is absolutely necessary for the production of a durable instrument. By these means a regular excellence is attained in the Chickering Pianos.
The merits of the new Pianos are so great and so apparent that they have gained the approval of the best artists in this country and caused them to be sought after more than ever by the public.
The Chickering Pianos are Undoubtedly the Most Perfect Pianos Made.
Every Instrument warranted for five years.
The subscribers are the authorized exclusive agents for Chickering & Sons, for Pittsburgh, Western Pennsylvania, Eastern Ohio, and West Virginia, and by special arrangement are enabled to sell their Pianos at the SAME PRICE AS AT THE FACTORY, at Boston, thus saving purchasers the cost of transportation and risk.
A choice assortment always to be found at this Agency.
Illustrated circulars sent to any Address.

THE CELEBRATION AT PHILADELPHIA (continued).
The celebration at Philadelphia on the 4th of July, or rather the return of the Pennsylvania battle-flags on that day, is said by those who were present to have been a grand and inspiring affair. The city was crowded and everything passed off quietly, notwithstanding the enthusiasm of the large crowd assembled.
One of the most interesting features of the day was the presence there of the orphans of soldiers, whom the State is now providing for and educating at several points within the Commonwealth. There are, we believe, between eleven and twelve hundred of these children in the State, and as they were all neatly attired, well dressed and well behaved, their appearance everywhere elicited the warmest applause. The two schools located in this county for the care and education of these children—one under the supervision of Rev. W. G. Taylor at Philadelphia, and the other under the care of Rev. Weber, of North Sewickley township—were both present at Philadelphia, and their good deportment was observed by many, and alluded to very frequently. Long may these wards of Pennsylvania live, and long may they have an interest in the prayers of all good people.

LOCAL POLITICAL NEWS (continued).
During the past week we had a conversation with a prominent intelligent citizen of Darlington township, and he informs us that an irritable feeling has not even a symptom of dissatisfaction in the Union ranks. All Union men in that locality, he says, are united on the reconstruction policy of Congress, as submitted in the proposed constitutional amendments, and in favor of that method of settling our national affairs. Darlington township will "roll up" more than its usual majority at the fall election.
In Raccoon township, too, we hear that the Union fires are burning brightly, and that all Republicans and Union Democrats in that vicinity are standing squarely and unitedly upon the questions embodied in the proposed amendment. It is the Union party's platform on the subject of reconstruction, and on it, if we throw the usual amount of labor into the canvass, we can carry this county at the fall election by at least 900 majority.

AGRICULTURE (continued).
The Board of Managers of the Beaver County Agricultural Society met at the Court House, on Saturday June 30th, 1886.
Members present: Messrs. Eldred, Wolf, Barclay, H. Wilson, Imbro, Potter, Robt. Potter, J. K. M. Gair, Gibson, Todd, Laird and Barclay W. S. A proposition being introduced by the Local and the Argus to print the List of Premiums and Rules regulating the Fair for sixty dollars each, it was on motion agreed that the publication of the same be given to both papers, provided that they each agree to furnish 250 extra copies of posters and publish the Award of Premiums gratis.
Committee on building houses for the Fair Grounds made report. Report received and adopted, and President empowered to close contract for said house with Aaron Moore, and to accept of a warrant for \$1750, for labor at last Fair.
Hugh M'Guire, A. B. Wolf and Joseph Buchanan were appointed to act as Marshals at the coming Fair. Resolved, That the following premiums will be offered for trotting and pacing at the next Fair:
1st day—Best trotter, mile heats, best 3 in 5, to go as they please, \$100 00. 3 entries to make the race.
2d day—Best pacer, mile heats, best 3 in 5, to go as they please, \$100 00 3 entries to make the race.
In both of the above races 20 percent entrance fee will be required.
3d day—Mule race; 6 to make the race, \$10 00. Slow race; 8 to make the race, \$10 00.
