The Secretary of the Society (WM. S. BARCLAY,) will be ready to receive entries for two weeks previous to the Fair, and would earnestly request all who can, to make application before the Fair, as it will facilitate arrangements that may be made for their accommodation.

—In presenting the foregoing List of Premiums, the Board beg leave to call attention to the fact that it has undergone a thorough revision and correction; and they would invite an attentive and careful perusal, feeling that in variety, and extent (if not in aggregate amount of premiums offered) it is not surpassed by that of any other County Society in our State.—Taking these facts into consideration, the Board would cordially invite all to compete, hoping that we may have an Exhibition which will prove alike creditable to our association and to the agricultural interests of our County.

Southern Union Convention.

ADDRESS TO THE PEOPLE OF THE SOUTH.

WASHINGTON, July 11.—The following is a call for a convention of Southern Unionists, to be held at Independence Hall, in the city of Philadelphia, on the first Monday of September, '66:

To the loyal Unionists of the South:

The great issue is upon us. The majority in Congress, and its supporters, firmly declare that the rights of the citizens enumerated in the Constitution and established by the supreme law, must be maintained inviolate.—Rebels and rebel sympathizers assert that the rights of the citizens must belong to the States alone, and under such regulations as the respective States choose voluntarily to prescribe. We have seen this doctrine of State Sovereignty carried out in its practical results, until all authority in Congress was denied, the Union temporarily destroyed, the constitutional rights of the citizens of the South nearly annihilated, and the land desolated by civil war. The time has come when the structure of the State governments must be laid on Constitutional principles, or the despotism grown up under an atrocious leadership be permitted to remain. We know of no other plan than that Congress, under its Constitutional power, shall now exercise its authority to establish the principle whereby protection is made co extensive with citizenship.—We maintain that no State, either by its organic law or legislation, can make transgression on the rights of the citizen legitimate. We demand and ask you to concur in demanding protection to every citizen of the great Republic on the basis of equality before the law, and further that no State Government should be recognized as legitimate under the Constitution in so far as it does not by its organic law make impartial protection full and complete; under the doctrine of State sovereignty, with rebels in the foreground controlling Southern legislatures, and embittered by disappointment in their schemes to destroy the Union, there will be no safety for the loyal element of the South.

Our reliance for protection is now on Congress, and the great Union party that has stood and is standing by the nationality, by the constitutional rights of the citizen, and by the beneficent principles of free government. For the purpose of bringing the loyal Unionists of the South into conjunctive action with the true friends of republican government of the North, we invite you to send delegates in goodly numbers from all the Southern States, including the States of Missouri, Kentucky, West Virginia, Maryland and Delaware, to meet at Independence Hall, in the city of Philadelphia, on the first Monday of September next. It is proposed that we should meet at that time to recommend measures for the establishment of such a Government in the South as accords with and protects the rights of all citizens. We trust the call will be responded to by numerous delegations of such as represent the true loyalty of the South, and that kind of Government which gives full protection to all the rights of the citizens and such as our fathers intended and we claim as our birth-right. Either the lovers of constitutional liberty must rule the nation, or rebels and their sympathizers be permitted to misrule it. Shall loyalty or disloyalty have the keeping of the destinies of the nation? Let the responses to this call which is now in circulation for signatures, and is being numerously signed, answer.

Notice is given that gentlemen at a distance can have their names attached to it by sending a request, by letter, directed to Dr. W. Bingham, Washington, D. C.

A BOY died in Chicago last week from the effects of swimming in a pond where the carcasses of animals had been deposited. Large spots broke out on him, and his symptoms were those of a very bad case of poisoning. It is supposed he swallowed some of the water.

GENERAL GRANT is of the opinion, it is stated, that there should be at least one full regiment of cavalry in each Southern State, in order to prevent outrages and to give proper protection to citizens, white and black.
