LOSS PURE AND SECOND QUALITY By Portland Fire, July 4th

The total amount covered by Ætna Policies The total amount covered by Ætna Policies on property destroyed or damaged is \$206,854, on which salvage will be about 5 per cent. Our total loss will not vary much from \$200,000, and is being promptly adjusted and paid. This sum is 5 per cent. upon the assets, a figure but alightly exceeding our government and State taxes paid last year, or a proportion of the asset of the second to a \$5000 less for a company of 100 equal to a \$5000 loss for a company of 100,-

000 assets.

The necessity for insurance and the value of wealthy, strong corporations, is forcibly illustrated by this fire. Several weak Insurance Companies are destroyed. Portland has a population of 35,000;—was handsomely built, mostly fine brick or stone structures—protected and screened with upwards of 3000 shade ed and screened with upwards of 3000 shade trees—bounded on three sides by water—indeed, literally, almost rising from the ocean—and with a good steam fire department—yet it has \$10,000,000 of property consumed in a few hours—upon a holiday when its people are least occupied—from the very insignificant cause of a contemptible fire cracker.

Remember the trifling origin of fires that sweep away in a few hours the earnings of years. Consider your best interests and give the Ætna agent a call if you need proper Insurance security. Policies issued at fair terms CHAS. COALE, july25,'66--3t.
