CONVERSION OF 7 3-10S.
 IN REPLY TO NUMEROUS INQUIRIES IN REGARD to the manner of converting the August 7 3-10s into the new 5-20 Gold Coupon Bonds we make the following statement for the benefit of the holders of 7 3-10s who may not be informed:
 The Government computes the interest on 7 3-10s in arrears from the date of the maturity of the last coupon, allowing seven and three-tenths on the 7 3-10s, and charging six per cent. on the 5-20s. For example: You sent to Washington 1,000 7 3-10 Bonds which reaches there.....\$1,000
 75 days interest (from Feb. 15).....14 50
 5-20s.....1,014 50
 11% interest.....111 50
 Allowed for 7 3-10s.....1,126 50
 (This is counted at 95 days per annum.)
 Allowed for 7 3-10s.....1,141 50
 You pay Government.....4 75
 It will be seen by this that the Gold interest is given as currency, which is of itself a profit to the party converting the 7 3-10s nearly eight dollars per \$1,000, aside from the fact that the present rate of Gold, the 5-20s pay over 8 per cent. per annum.
 We are converting the 7 3-10s on much better terms than the Government, as the present buying and selling rates enable us to give the holder of the 7 3-10s a better figure than has yet been offered by any one as a commission.
 We also exchange the new 4-20 bond for the other series of 7 3-10s on the most favorable terms.
 Persons exchanging through us, in addition to their getting much better terms than they can from the Government, will have their 5-20s delivered to them immediately, thus saving them the expense of going to the post office to get them. On all bonds sent us by express we pay charges both ways, and send bonds promptly as directed.

FALLSTON FOUNDRY!
ENGINE & REPAIR SHOP,
 In Fallston Beaver County, Pa.
 Having refitted and enlarged my stock of machinery, and having secured the services of the best of mechanics, I am prepared to warrant all work done to give entire satisfaction. I have on hand different patterns and styles of Engines, Fire Clay Rolls, and am prepared to make or repair all descriptions of machinery, on reasonable terms.
 I have all the best plow patterns that suit the market, among which is the "Great Western," which has been this year the county for the last fifteen years. There are five sizes of this plow, all of which I manufacture and keep for sale; also "Patent Lumber" - right and left - "Mountain King" - right and left - "Side Hill," and nearly all the different kinds in use.
COOKING, FRANKLIN AND HEATING STOVES.
 Having made several important improvements on the "Globe," by which coal or wood can be supplied without lifting lids, and having two places for fuel, either of which can be used at the same time, with a ventilation to the oven, thus having the advantages of a Cooking Stove, Bake oven and Franklin Stove combined. This Stove has been in constant use for twenty years, and many of them after being used for this period of time, see now in good order. There is but a small portion of this stove that ever burns out, and this is easily and cheaply replaced. To make them still more lasting, we are now putting in the iron or brick lining. Our other patterns are the Enterprise, Keystone and Premium. Parlor Stoves, large and small heating Stoves, Franklin Stoves, Jenny Lind's, &c. Grate and Open Fronts, Fenders, Iron Buildings, and various styles, Wagon Boxes, two Irons, Fire-Benders, Corn Shellers, Force and Clutch Pumps, 84 Iron, Metal Sinks for kitchen, Sheet Iron, and Tins, all ways on hand and made to order. In fact, I manufacture and keep for sale, almost everything wanted in the machinery or hardware line.
 Second hand stoves always for sale cheap. Two good new engines, suitable for saw mill or shop purposes now on hand, and will be sold reasonable.
