ROCHESTER FOUNDRY.
ANDERSON, ARBUCKLE & CO.
MANUFACTURERS OF MACHINE CASTINGS
Railway Track and Car Castings, Agricultural
implements, Engine and all other Castings made at a
first class Foundry. Also, Stoves, Grate Pans,
Grate Bars, Liners, Bells, Weights, Hollow-Ware, Ric-
tles, Iron Pipes, and all other Castings called for, on
short notice from the East, at lowest cash prices,
and sold at a very small advance.
Also, J. J. Anderson's just celebrated New Cook
Stove for Coal and Wood, which took the
First Premium
At the State Fair recently held at Pittsburgh.
This stove combines the best and most perfect
kind of a first class Foundry. It is recommended
because it is in advance of all others now in use.
Some of the merits claimed for it by the inventor, are
heavy metal, well proportioned, heavy of material,
Flame, Ease of Draft, Easily Kept Clean, Requires but
little Fuel, and the
BEST BAKER EXTANT.
All orders thankfully received and promptly filled.
We call Attention to the Following
Statements:
While living in the East I used several of the most
celebrated Cooking Stoves made in that part of the
country, and on my arrival here, I was recommended
to purchase the Crystal Palace Stove, (also invent-
ed by Mr. Anderson) as being the best. I did so, and
used it with good effect, for some time. I was then
advised to examine the new Stove in use here, and
on examining the Oven and interior arrange-
ments, found it possessed many advantages over all
I had seen. I purchased, and have one now in use.
We consider it superior to any we have ever used. It
is all the inventor claims, and we think, all that could
be desired in a Cooking Stove.
REV. GILBERT FENDLATOR,
Rochester, Nov. 21st.
Having one of Mr. Anderson's new Stoves in use,
I can fully endorse Capt. Fendlator's statement.
JOHN H. WHITMAN,
Rochester, Nov. 21st.
Having one of Anderson's new Stoves in use, I can
fully endorse the above recommendation.
J. WOODRUFF,
Rochester, Nov. 21st.
Having kept house for a long time, and used a great
number of Cook Stoves of different patterns and styles,
I consider J. J. Anderson's new Stove to be the best
in economy in fuel, ready cooking and baking for its
size, superior to any we have used, and certainly re-
commended it, believing it to be the best in the
country.
CLAS. LUKATEL,
We have one of Mr. J. J. Anderson's new Stoves,
manufactured at the Rochester Foundry, and having
used it a long time, I can fully endorse the above
statement. It is the best in the market, and it
has been claimed for it. It heats very rapidly, takes
but little fuel, and is a most excellent baker. Mr. An-
derson may congratulate himself on having achieved
quite a triumph in the line of Cooking Stoves.

GOOD NEWS! ALL THOSE WHO
are suffering from Rheumatism, Gout,
Sciatic Pain, Neuralgia, etc., should
try the following Remedy.
DR. ROLLING'S HEADACHE AND ANTI-
RHEUMATIC PILLS.
A large number of cases have been brought before
me, and I have found that this is the only
remedy that will cure them. It is a
positive cure for all cases of the kind.
I have used it myself, and I have
seen it used by others, and I can
guarantee its efficacy.
It is a most valuable medicine,
and it is sold everywhere.

ROCHESTER FOUNDRY.
ANDERSON, ARBUCKLE & CO.
MANUFACTURERS OF MACHINE CASTINGS
Railway Track and Car Castings, Agricultural
implements, Engine and all other Castings made at a
first class Foundry. Also, Stoves, Grate Pans,
Grate Bars, Liners, Bells, Weights, Hollow-Ware, Ric-
tles, Iron Pipes, and all other Castings called for, on
short notice from the East, at lowest cash prices,
and sold at a very small advance.
Also, J. J. Anderson's just celebrated New Cook
Stove for Coal and Wood, which took the
First Premium
At the State Fair recently held at Pittsburgh.
This stove combines the best and most perfect
kind of a first class Foundry. It is recommended
because it is in advance of all others now in use.
Some of the merits claimed for it by the inventor, are
heavy metal, well proportioned, heavy of material,
Flame, Ease of Draft, Easily Kept Clean, Requires but
little Fuel, and the
BEST BAKER EXTANT.
All orders thankfully received and promptly filled.
We call Attention to the Following
Statements:
While living in the East I used several of the most
celebrated Cooking Stoves made in that part of the
country, and on my arrival here, I was recommended
to purchase the Crystal Palace Stove, (also invent-
ed by Mr. Anderson) as being the best. I did so, and
used it with good effect, for some time. I was then
advised to examine the new Stove in use here, and
on examining the Oven and interior arrange-
ments, found it possessed many advantages over all
I had seen. I purchased, and have one now in use.
We consider it superior to any we have ever used. It
is all the inventor claims, and we think, all that could
be desired in a Cooking Stove.
REV. GILBERT FENDLATOR,
Rochester, Nov. 21st.
Having one of Mr. Anderson's new Stoves in use,
I can fully endorse Capt. Fendlator's statement.
JOHN H. WHITMAN,
Rochester, Nov. 21st.
Having one of Anderson's new Stoves in use, I can
fully endorse the above recommendation.
J. WOODRUFF,
Rochester, Nov. 21st.
Having kept house for a long time, and used a great
number of Cook Stoves of different patterns and styles,
I consider J. J. Anderson's new Stove to be the best
in economy in fuel, ready cooking and baking for its
size, superior to any we have used, and certainly re-
commended it, believing it to be the best in the
country.
CLAS. LUKATEL,
We have one of Mr. J. J. Anderson's new Stoves,
manufactured at the Rochester Foundry, and having
used it a long time, I can fully endorse the above
statement. It is the best in the market, and it
has been claimed for it. It heats very rapidly, takes
but little fuel, and is a most excellent baker. Mr. An-
derson may congratulate himself on having achieved
quite a triumph in the line of Cooking Stoves.
Beaver, Nov. 24, 1867, respectfully,
J. S. BRADSHAW.
