Hochester, Ps. While living in the East I used several of the most Celebrated Gooking. Stoves made in that part of the country, and on my arrival here, I was recommended to purchase the Crystal Palace Stove, taleo invented by Mr. Anderson) as being the best. I did so, and used it with good satisfaction. When I saw Mr. Anderson's new Stove, I was attracted by its neat appearance, and on examining its Oven and interior arrangements, found it possessed many advantages Geer all I had seen. I purchased, and have out now in use. We consider it superior to any we have ever used. It is all the inventor claims, and we think, all that could be desired in a Cooking Stove.
