ROOFING SLATE! TWIN CITY SLATE MINING

MAUPACTURING COMPANY. a. MEWNYER, S. H. ANDERSON, J. N. SHALLENBERGER President. Superintendent. OFFICE.

No. 48 Seventh Street, Pittsburg, Fa. Ir is believed that the time has come in the progress

American architecture, when the question will no onger be saked, "What shall we use for roofing?" but, "Where can we obtain the best Slate." Older countries have long place established the fact. that no material is so well adapted, and so durable, as Slate for covering buildings. Two obstacles to its general use in this country have existed insectofore first, the transition character of society, which is cessarily opposed to permanence in architecture and second, the great shundance and law price of law her. The first impediment is rapidly yielding to time and riper ideas on the subject of building, and the oth er must soon give away to the scarrity and advancing price of lumber suitable for roofing purposes.

We submit a few leading advantages of a Slate root It is superior to every other in appearance. It is easily put on. It saves insurance.

It is fire proof. t is imperishable.

The Twin City Slate Company's Mines are in Northmpton County, Penn's. The Siste is a beautiful dark blue, unchangeable in color, splits in perfectly mooth plates of any size required, and hardens steady by exposure to the atmosphere. No Slate in the in United States is superior to it in all the qualities casential to a good roof, and we think but little equal to it. It is furnished at the yard in-Pittsburgh, at the rate of \$12.00 a square (one handred square feet), which with expense of laying, will add about 25 percent, to the cost of a shingle roof at present prices.

Samples of Slate may be seen, and orders left at the office of A. T. Shallenberger & Co., Rochester, Pa. No. 43 Seventh street, Phtsburgh, Pa. mar1'869:6m

That diamond we placed on that finger eight years ago, and it Assessment.—We hear a universal combination of the high assessment of the property in this city. In some of the wards the assessment on real estate have been nearly doubled. We advise the property holders to attend the appeal before the county commissioners to be held next month and have the matter thoroughly examined. We understand that some of the assessors were very exacted not to raise the value of their own property. Whits that within a square distant belonging to Republicans was actually doubled.—Har, TR.
