I have the best plow patterns that suit this market
among which is the "Great Western" which has been
the plow of the county for the last 15 years. Also,
almost all other Plows now or previously in use.

COOKING, FRANKLIN and HEATING STOVES
Of the latest styles and with all the modern improve...
ments, which I will sell at modern rates. Among
these is the GREAT REPUBLIC. This stove has an
extension top, which gives it a large surface without
taking up much room, and it is now looked upon as one
of the best and most economical stoves in the market,
and is more durable than other of its class. For further
particulars, after having used this stove for a considerable
length of time, may be referred to the proof of what I
herein say.

Ruby Cooking Stove Nos. 7, 8 & 9.
THIS STOVE TOOK THE FIRST PREMIUM AT
the State Fair as a Coal Cooking Stove, and also
at the Allegheny County Fair. We use no scrap iron in their
manufacture, but use the best quality of No. 1 Pig
Iron, and warrant them in every respect.
The Ruby has the largest grate in the market and
consumes but little fuel in baking, owing to our
proved Grate.

GRATE FRONTS and FENDERS.
We are largely engaged in the manufacture of Grate
Fronts and Fenders, which was awarded in an open com-
mon, second quality and fine finish. This enamel re-
tains its lustre for a long time, will not burn off, and
makes a much superior finish to that of Coal Fat.

**ROCHESTER FOUNDRY,
ANDERSON, ARBUCKLE & CO.**
MANUFACTURERS OF MACHINE CASTINGS,
Railway Track and Car Castings, Agricultural
Machinery, and all other Castings made at
this fine Foundry. Also Stoves, Grate Fronts,
Grate Irons, and all other Castings made at
this fine Foundry, and all other Castings called for,
on short notice and of the very best metal.
Also, J. Anderson's lately celebrated New Cook
Stove for Coal and Wood, which took the
First Premium
At the State Fair recently held at Pittsburgh. This
stove combines many new and important principles,
which place it far in advance of all others now in use.
Some of the merits claimed for it by the inventor, are
Heavy Metal, Well Proportioned, Compact, and
Light, Easy to Draft, Easily Kept Clean, Requires but
little Fuel, and the
BEST BAKER EXTANT.
All orders thankfully received and promptly filled.
We Call Attention to the Following
Statements:
While living in the East I used several of the most
celebrated Cooking Stoves made in that part of the
country, and on my arrival here, I was recommended
to purchase the Crystal Palace Stove, late inven-
ted by Mr. Anderson as being the best. I did so, and
used it with good satisfaction. When I saw Mr. An-
derson's new Stove, I was attracted by its neat ap-
pearance, and on examining it over and interior arrange-
ments, found it possessed many advantages over all
I had seen. I purchased, and have now in use. It
is superior to any I have ever used. It is all the
inventor claims, and we think, all that could be
desired in a Cooking Stove.
CARR, GILBERT PENDLETON,

respects.
JOSEPH LATIN and WIFE.
Rochester, Nov. 25th.
Having kept house for a long time, and used a great
number of Cook Stoves of different makes and styles,
I consider J. Anderson's new Stove, in point of
economy in fuel, ready cooking and baking for its
size, superior to any we have used, and therefore
recommend it, believing it will render entire satisfac-
tion to all who use it.
Very respectfully,
GEORGE LITTON.

I can fully endorse Capt. Pendleton's statement.
JOHN H. WATSON.
Having one of Anderson's new Stoves in use, I can
fully endorse the above recommendation.
J. WOODRUFF.
Having one of Mr. Anderson's new Stoves in use,
we are fully satisfied with its good qualities in all
respects.
JOSEPH LATIN and WIFE.
Rochester, Nov. 25th.
Having kept house for a long time, and used a great
number of Cook Stoves of different makes and styles,
I consider J. Anderson's new Stove, in point of
economy in fuel, ready cooking and baking for its
size, superior to any we have used, and therefore
recommend it, believing it will render entire satisfac-
tion to all who use it.
Very respectfully,
GEORGE LITTON.

**ROCHESTER FOUNDRY,
ANDERSON, ARBUCKLE & CO.**
MANUFACTURERS OF MACHINE CASTINGS,
Railway Track and Car Castings, Agricultural
Machinery, and all other Castings made at
this fine Foundry. Also Stoves, Grate Fronts,
Grate Irons, and all other Castings made at
this fine Foundry, and all other Castings called for,
on short notice and of the very best metal.
Also, J. Anderson's lately celebrated New Cook
Stove for Coal and Wood, which took the
First Premium
At the State Fair recently held at Pittsburgh. This
stove combines many new and important principles,
which place it far in advance of all others now in use.
Some of the merits claimed for it by the inventor, are
Heavy Metal, Well Proportioned, Compact, and
Light, Easy to Draft, Easily Kept Clean, Requires but
little Fuel, and the
BEST BAKER EXTANT.
All orders thankfully received and promptly filled.
We Call Attention to the Following
Statements:
While living in the East I used several of the most
celebrated Cooking Stoves made in that part of the
country, and on my arrival here, I was recommended
to purchase the Crystal Palace Stove, late inven-
ted by Mr. Anderson as being the best. I did so, and
used it with good satisfaction. When I saw Mr. An-
derson's new Stove, I was attracted by its neat ap-
pearance, and on examining it over and interior arrange-
ments, found it possessed many advantages over all
I had seen. I purchased, and have now in use. It
is superior to any I have ever used. It is all the
inventor claims, and we think, all that could be
desired in a Cooking Stove.
