I was recommended to purchase the Crystal Palace Stove, (also invented by Mr. Anderson) as being the best, I did so, and used it with good satisfaction. When I saw Mr. Anderson's new Stove, I was attracted by the nest appearance, and on examining its Oven and interior arrangements, found it possessed many advantages over all had seen. I purchased, and have one now in use. We consider it superior to any we have ever used. It all the inventor claims, and we think, all that could be desired in a Cooking Stove.
