GRATE FRONTS AND FENDERS.

We are largely engaged in the manufacture of Grate
Fronts and Fenders, which we model in an ever
changing and improved style. This enamel
finish is the best and most durable, and makes
a much superior finish to that of Coal Gas.

SUMMER PIECES

We are also making Sheet Iron Summer Pieces (for
the use of the engine) which are much lighter than cast
iron, and much cheaper.

HEATING STOVES

We claim the best heating Stove in the market
for the size, and use the best Stock in their construction.
Our patterns are not yet complete, but it is our in-
tention to keep a general assortment in our line.
We also take the Premium at the County Fair for
Castings generally, and we have entered in the busi-
ness of the determination to use the best of Pig Metal
and make good work.

We respectfully request a share of the public pa-
tronage, and would be pleased to see those wanting
anything in our line at our works.

MANUFACTURERS OF MACHINE CASTINGS
Iron, Brass, Steel, and Gun Castings, Agricultural
Machinery, and all other Castings made at
first class Foundry. Also, Steam, Gas, and
Water Engines, Locomotives, and all other
Iron, Brass, and Steel Castings, and all other
Castings made at the very best metal.

First Premium
At the State Fair recently held at Pittsburgh. This
Stove combines many new and important principles,
which place it far in advance of all others now in use.
Some of the merits claimed for it by the inventor, are
Every Metal Cast Properly, and of any style and
Finish, Free of Draft, Really Large, Requires but
Little Fuel, and the

BEST BAKER EXTANT.
All others that have been received and promptly sold.
We call attention to the following
Statements:

While living in the East I used several of the most
celebrated Cooking Stoves made in that part of
the country, and on my arrival here, I was recom-
mended to purchase the Great Republic Stove, (now in-
vented by Mr. Anderson) as being the best. I did so, and
used it with great success. When I saw Mr. An-
derson's new Stove, I was attracted by its neat ap-
pearance, and on examining the Oven and interior arrange-
ments, found it possessed many advantages over all
I had seen. I purchased, and have now in use. We
consider it superior to any we have ever used. It is
all the inventor claims, and we think all that could
be desired in a Cooking Stove. GILBERT FENNER, FOUNDRY.

ROCHESTER, Nov. 21st.
All others that have been received and promptly sold.
I can fully endorse Capt. Fenner's statement.
JOHN H. WINANS.

Having one of Mr. Anderson's new Stoves in use, I can
fully endorse the above recommendation.
JOHN H. WINANS.

Having one of Mr. Anderson's new Stoves in use, we are
fully satisfied with the good qualities in all re-
pects.
JOSEPH LEVIN and WIFE.

ROCHESTER, Nov. 21st.
Having kept houses for a long time, and used a great
number of Cook Stoves of different patterns and styles,
I consider J. S. Anderson's new Stove, in point of
economy in fuel, ready cooking, and being for its
size, superior to any I have used, and I cheerfully
recommend it, believing it will render entire satisfac-
tion to all who use it. CHAS. LEVINE.

We have one of Mr. J. S. Anderson's new Stoves,
manufactured at the Rochester Foundry, and having
given it a fair trial, we find it comes fully up to all that
has been claimed for it. It heats rapidly, takes
but little fuel, and is a most excellent baker. Mr. An-
derson may congratulate himself on having achieved
quite a triumph in the line of Cooking Stoves.
We respectfully
J. S. BRACKEN,
Beaver, Nov. 21st, 1887.

J. B. CLARK,
(Successor to W. F. Clarke.)
DEALER IN ALL KINDS OF GRO-
ceries, Provisions, Country Produce, &c., &c.
**FULL STORE ALL THE TIME,
And Competition Defied!**

The public generally are invited to call and examine
his stock. If noted in every particular, all will
not be required to purchase.

**LIME, LIME,
TRY IT, LIME, TRY IT.**

**GET YOUR LIME FROM THE NEW
"MONITOR LIME KILN."**
One trial will convince you one that it is the best
LIME ever burned in this vicinity. It is at least 30 per
cent better than Lime burned in any other kiln, and will
be sold at the same price. Come and see it and try some
of it before making contracts, and save
TIME AND MONEY.

The coal is not mixed with the stone, so burn it so
that it is entirely free from clinkers and ashes, and we
burn nothing but the best stone. Brick layers need not
be so afraid of it as they have been, for they get
nothing but lime; as we draw every four hours,
you can always get it

FRESH
LIME delivered promptly whenever ordered by
order, or load, or in the barrel.
Send orders to W. J. DUNN, Beaver, Pa., or to the
