The Howe Sewing Machines

ARE THE

OLDEST ESTABLISHED

OF ANY IN THE WORLD!

THEY BEING THE FIRST SEWING MACHINES ever made, and have been manufactured continually under the supervision of the original inventor,

Elias Howe, jr.,

Since their first introduction 1845. Sheltan rovements upon these machines made within the last two years and their rapidly growing popularity attests the fact that they have reached the very acme of perfection, and that they are not only the oldest established but the best in the world.

These machines do perfect work upon all fabrics whether fine or coarse, making a stitch; also, the invention of Mr. Howe alike upon both of the fabric, Sewed. The tensions, new, novel and unvarying, can be adjusted to any degree of tightness, and after being adjusted do not require changing, except for different threads.

To those who have used the Howe Machine, it is not necessary for us to speak; and we would only add to others who wish a perfect machine to be sure and see these machines before buying any other. Send for circular. Applications for agencies must be addressed to
