Miscellaneous.

The Howe Sewing Machines

ARE THE

OLDEST ESTABLISHED

OF ANY IN THE WORLD!

THEY BEING THE FIRST SEWING MACHINES ever made, and have been manufactured continually under the supervision of the original inventor,

Elias Howe, jr.,

Since their first introduction 1845. Shoiny rovements upon these machines made within the last two years and their rapidly growing popularity attests the fact that they have reached the very acme of perfection, and that they are not only the oldest established but the best in the world.

These machines do perfect work upon all fabrics whether fine or coarse, making a stitch; also, the invention of Mr. Howe alike upon both of the fabric, Sewed. The tensions, new, novel and unvarying, can be adjusted to any degree of tightness, and after being adjusted do not require changing, except for different threads.

To those who have used the Howe Machine, it is not necessary for us to speak; and we would only add to others who wish a perfect machine to be sure and see these machines before buying any other. Send for circular. Applications for agencies must be addressed to

ORGANS.

A LEADING EASTERN PAPER SPEAKS AS follows of the great Eureka Organ: There is nothing so humanizing, so beautiful, so elevating as music, and nothing that we heard for many years comes so near the perfection of sweet sounds as the Eureka Organ, made by Shoninger & Co., New Haven Conn. This instrument has the new Vox Humana Stop, which is such addition to the old organs as to enhance their worth fifty-fold. This stop creates, by a fan, a frill like unto the warbling of the whole feathered tribe, doing away with the bellowing hoarseness so detrimental to wind instrument. The volume of music it gushes forth is powerful, rich, and full of pleasing melody, such as entrances the senses and intoxicates the ear. No person would think of weariness, where a performer was touching the pearl keys of the Eureka.

These most excellent instruments are for sale only by the agents.
