ereons purchasing Cigars of him can always ofgening the same article, as he marufactures der his own supervision and can guarantee satisfaction. In

## EAVER LADIES SEMINARY.

AVER LADIES SEMINARY. She always was a nervous piece. I re-member her before you were born; but I they our what, Laura, you are having a hard mode were bere yeing a bailes, and putting on George Say. This was in the last year of the war, when sheeping bailes, and putting on George Say. This was in the last year of the war, when sheeping bailes, and putting on George Say. This was in the last year of the war, when sheeping bailes, and putting on George Say. This was in the last year of the war, when sheeping bailes, and putting on George Say. This was in the last year of the war, when sheeping bailes, and putting on George Say. This was in the last year of the war, when sheeping bailes, and putting on George Say. This was in the last year of the war, when sheeping bailes, and putting on George Say. This was in the last year of the war, when sheeping bailes, and putting on George Say. The Corners whe does. But it mus on the principal inhis own but how here, and I am willing to do what I can to help you it you are sure you can man-get is so as not to get found out. I don't the well brought out, and pretty-behaved, is the rould attendence. The school, and continue in the consent to your leaving them here is the drawner when the bail the school, and continue is the drawner when the school, and continue is the around warperion. Thus should be the school, and continue is the around warperion. Thus the consent to your leaving them here is the drawner when is the corners whe does. But it must one to a spellany way; but the course you have is the drawner when is the drawner when is the around the school, and continue is the drawner when is the around the school, and continue is the drawner when is the drawner when is the around the school, and continue is the around the school, and around the school, and around the school around the school around the
