A LETTER from Sandersonville, Washington county Ga., to the Augusta Chronicle, states that Col. R. W. Flourners, Democratic Representative to the Legislature of that State was murdered in his own field, on Tuesday June 2d, by a negro man in his employ. The negro was arrested and committed to jail.

SAYN the Philadelphia Press: Hon. Culeb Cushing, for many years a Representative in Congress from Massachusetts, and Attorney General under President Pierce, and now regarded us one of the most impartial thinkers in America, takes strong ground in favor of Senator Summer's speech on the Alabama claims. Gen. Cushing has been one of the ablest leaders of the old Democracy. It is also stated that Hon. R. J. Walker, another Democratic leader, is preparing a powerful paper in support of the

Sherman and Secretary Raw lins a full statement of recent Indian outrages in Arizona, and the great losses suffered by citizens. He made a fresh appeal for more troops and the matter has been referred to Gen Thomas, commanding the Pacific Department. Gen. Sherman has faably endorsed the memorial of the Legislature of Arizona, request ing that arms and rations be issued to citizons where they can effectively co-operate with troops against hostile Indians.

On Wednesday last, Lieutenan lieneral Sheridan, accompanied by Brevet Major General Rucker, Brevet Brigadier General J. W. Forsyth, Brevet Major M. J. THE Radical, no doubt thinking to

injure us, told its readers last week hat we had had a fist fight with the vilitors of the Local a few days previous. This is untrue. A couple of oisterous individuals came into our office and acted in a very disorderly ner. After bearing it a while and finding matters were getting worse instead of better, we threw them into the street. That was the "fight," and all there was of it as the Radical very well knew when it gave publicity to the niatter.

We believe the above to be bogus There can be little doubt it is the depose of Governor Geary. He is a sore thorn in the side of their wellarranged plans for plundering the public, and if it could only be so fixed as to withdraw him honorably from before the nominating convention it would be considered a trump trick for the corruptionists. That game won't work. The corruptionists will e brought to grief next winter.

On Wednesday last, one of the papers of Washington city published a letter from Hon. Alex. H. Stevens, of Georgia, in reply to some criticisms on his history of the Rebellion. He takes a very gloomy view of the situation and argues that we are drift-ing to consolidation and empire. Nothing, he says, can prevent the final establishment of Imperialism but a determined effort on the part of the people to preserve free institutions. The remedy he says is not in secon-
