THE FIRST THOUSAND DOLLARS.

BY REV. RAMEL T. SPEAR, D. D.

The first thousand dollars that a young man, after getting out into the world, has in his pocket, is a very important thing. It is the first step towards independence, and it is the first step towards the acquisition of a business. It is the first step towards the acquisition of a fortune. It is the first step towards the acquisition of a name. It is the first step towards the acquisition of a position. It is the first step towards the acquisition of a power. It is the first step towards the acquisition of a respect. It is the first step towards the acquisition of a confidence. It is the first step towards the acquisition of a trust. It is the first step towards the acquisition of a reverence. It is the first step towards the acquisition of a glory. It is the first step towards the acquisition of a triumph. It is the first step towards the acquisition of a victory. It is the first step towards the acquisition of a conquest. It is the first step towards the acquisition of a dominion. It is the first step towards the acquisition of a kingdom. It is the first step towards the acquisition of an empire. It is the first step towards the acquisition of a world. It is the first step towards the acquisition of a heaven. It is the first step towards the acquisition of a glory. It is the first step towards the acquisition of a triumph. It is the first step towards the acquisition of a victory. It is the first step towards the acquisition of a conquest. It is the first step towards the acquisition of a dominion. It is the first step towards the acquisition of a kingdom. It is the first step towards the acquisition of an empire. It is the first step towards the acquisition of a world. It is the first step towards the acquisition of a heaven.
