Trumbull and Sum ose ground. He would stand in just who were all present, but no blamo can the position that thousands of farmers be attached to them, as they done everyoccupy, who ignore the modern improvething in their power to stop it when the ments in the cultivation of the soll -We are aware that the information necesccident occurred.-Butler Herald,

sary to the farmer has been locked up ······ An Old Soldier Gone.-Col. Wm. in many costly volumes written in a scientific language that the farmer did not understand, but this difficulty has Dichi, the oldest native born citizen of Allegheny county, died on Thursday now been avercome and the whole submorning last, in that city, at the age of ject has been reduced into one ordinary inety-one years. In the war of 1812 he sized volume, written in the plainest and was a Commissary, collisting in the army with the "Blues," and through his busiost practical manner (it is entitled ness found his way on board the "Chesa-How to make Farming Pay. This volpeak" under command of the gallant was introduced to prohibit officers and and intropid Capt. Lawrence, juston the clerks in the employ of the United States ume treats of every subject in which the The first chapter treats on drainage as eve of the memorable encounter with the from receiving or making presents to one British squadron on Lake Erio-"Per-another, under penalty of dismussion and the foundation of all improved culture, and gives plain practical rules for all the ry's victory." He was by the side of

operations of drainage. The second chapter treats of plowing, words, "don't give up the ship," were uttered; and was the very last man to leave the disabled ship. Col. Dichi was showing when, where, how, and what to niversally known and respected, and The third chapter is upon manures his unexpected death has created a proand is one of the most interesting and

found sensation in this community. His valuable we have ever seen; it shows funeral took place on last Friday. We ginia bill was then discussed until the just how and where the manure goes to opo in our next issue to lay a biography waste, and how at a very trifling exof the renowned deceased before our rea-1 00 pense the manure can be doubled in ders. The "Greys," city councils, mun quantity, quality and value. There are cipal officers and other bodies should at 2 00 also full directions for the purchase and cond his funeral in a body, for a grand use of commercial fertilizors after the connecting link between the dim past and the bright present has passed into 2 00 most has been made of what every farmer has at his hand. This chapter if the dark shadow of death, and the com-1 00 read, and its directions followed, would munity should mark the event in a fitsurcly double the wealth of every farmer

ting and appropriate manner .- Pitt. Gaz. in ten years. Chapter four treats of the purchase, use and care of all farm imple-Dogs that kill Sheep .-- We have ments. Chapter five of the cultivation heard of soveral instances lately of dogs killing sheep, and it is high time for the farmers to take some active measures of of grain. Chapter six of grasses and hay making. Chapter seven of root crops and chapter eight on special crops and provention. Heretofore the difficulty

the rotation of crops. This chapter gives as been in ascertaining the dogs that the latest information on the cultivation did the deed, but we heard a few days ago a very novel expedient, which prov od very effective in a trial made by som gentlemen in Middlesex tp. Messrs. Reiber, Nelson, Park and others had lost mais, breeding, raising, care, manage-ment and feeding, and particularly of all in a few days from eight to ten head each, and after consultation they formed the conclusion that several dogs in the diseases of domestic animals with plain simple remedies. No man who owns r single animal can afford to be without alghborhood were the depredators. These dogs were taken, and about a gill of salt water poured into each, and then

with their hind legs tied together, sus pended to a post or tree. In about five inutes they vomited up the blood and wool from their stomachs, showing their guilt conclusively. It is said that as much as a handful of wool was thrown from the stomach of one of the dogs. () course they were despatched at onco. Would it not be well for all our farmers

to bear this fact in mind, and when sheep are killed, and cortain dogs suspected, to try the remedy? If it is effective, and spirit of this book. Chapter nilistoen treats of the planning and building of when the gentlemen who tried it are of too high reputation to impose on community, then it should be known by every farmer who has sheep and deires their protection .- Butler Herald.
