Just as we are going to press Ca ble dispatches inform us that Paris has declared for a Republic, and Gen Trochu is installed as President.

WE desire every Republican in the county to read the evidence in the shurlock—Chandler case, published in this week's ARGUS. If after doing so, they conclude that frauds were not perpetrated upon the party last May, they construe it very different from what we do.

others who will me toath to having the imperative necessity of maintaining the Republican ascendency in Congress.

A QUESTION for the majority of the County Committee: According to the papers laid before the County Convention on the 31st of May Dr. Shurlock had a majority of 12 over his competitor. The papers laid the fore the County Committee on last Saturday show that Chandler should have been credited with four more votes in Darlington township than were allowed him, and eight morein Beaver Falls than were allowed him.

Now deduct the four Democratic votes

others who will me toath to having the imperative necessity of maintaining the Republican ascendency in Congress.

The acts of reconstruction must be faithfully enforced in order to secure continued peace and the just rights, civil and political, of all citizens, in every part of the country.

It is a matter of history, of the last two years, that the Democratic party fought the reconstruction measures to that party who have determined to sustain the honor and reputation of their support, in the belief that power only should be given to that party who have determined to sustain the honor and reputation of congress at every stage of their ability to demonstrated ourselves ready to cogrify to this under oath if necessary.

Now deduct the four Democratic votes Now deduct the four Democratic votes cast for Dr. Shurlock at Darlington. and then tell us who the legitimate nominee of our party for Assembly

IMMEDIATELY after the motion was lost in the County Committee, on last Saturday, to investigate the alleged frauds in the Shurlock-Chandler case, a proposition was made by relinquish all claims to the nomination, provided Dr. Shurlock would do the same. In that event the party could be re-united by selecting man for the Legislature who was in no way connected with our present party troubles. This offer was also proposition should have been accepted. To have agreed to it and put G. S. Barker, J. Y. Marks, T. J. Power, John Roberts or James Fife, on the ticket our party would have been made whole, and the success of our entire ticket assured. It is not too late to do this yet.

. Two or three geese here in Beaver who know better, are button-holing are opposing Dr. Shurlock because a we would oppose, and not Dr. S. in the nomination or perpetrated during the day, as far as your interests are concerned. Very Repet'ly no part in the Congressional canvass.

They must remember that all the schemes for the destruction of the Government were perfected while Congress was Democratic, and Franklin Pierce and James Buchanan were Presidents of the United States, and no one will call in question their allegiance to their party.

If the Republican party had failed, and the Democratic party, with Breckenridge at its head, had been uccessful in the campaign in 1860, their secession would have been a different Abhrade.
