THE friends of Dr. Shurlock are stating that on the vote on the 3rd inst to appoint a special committee to investigate the alleged frauds in the Chandler-Shurlock case, there were only fire members in favor of the proposed investigation. We have the authority of several members of the Committee for stating that no less than fifteen were in favor of inquiring into all these charges, and so voted on General Power's motion for the appointment of a special commit-

Republicans! in every township and borough of the county let us urge it upon you that wherever you find any of these bogus ticket stickers gather them up and destroy, or send them in to this office.

A WRITER in the last Radical tells the readers of that paper that the ARgus has lost considerable of the party printing. Nobody disputes this but the fact itself needs a little explanation: Last year the brother of the editor of this paper was chairman o the County Committee, and he divided the party printing equally be-tween the Argus and the Radical, This year Dr. Stanton is chairman of the County Committee, and instead of dividing the party printing as was done last year, we have from some cause or other, not been permitted to get even a penny's worth of party printing since he came into office.

EVERY kind of political trading possible to be devised, will be resorted to this Fall, by the "Ring," to get votes for Dr. Shurlock. At present it is "set up" that Donley is to b traded off to the supporters of Me-Clelland for Congress; the McClelvisit to Washington county arranging this trade. The "Ring" here its very me depends upon the success of Shurlock. Without Shurlock in the House Rutan's game in the Senate is completely blocked. He will therefore spend time and money without stint to secure votes for Shurlock, at the expense of Donley, or any other candidate on the Republican ticket.

Now let us show you, from the recent acts of one of them. lust what they did mean: Last week information was conveyed to us that a "Torrence ticket and a gentleman, who generally sticker" was being circulated by draws a crowd, used the following Mr. M. S. Quay. We took the trail language in a speech in Allegheny and soon chased a batch of them up. A ticket sticker is a particular candidate's name printed in small type, with gum Arabic on the reverse side. The idea is to paste this name over the opposing candidate's name for the same office. In the instance now referred to, the name "William Torrence" is neatly printed, so that it may be pasted over "Christian Haller" in the Democratic ticket. One would think from this that M. S. Q. was intent on rushing Torrence through, but waits moment. There is no such person as "William Torrence" a candidate for county commissoner, and Quny's purpose is to fool such Democrats as wish to vote for Samuel Torrence, into throwing their votes away. Of course a vote for William Torrence, would not be counted as a vote for Samuel Torrence. It will not do for Mr. Quay to say that this was printed through mistake, for be keeps Samuel Torrence's name at the head of his paper, and is familliar with it, and nore than this: we venture the opinion that he never had any authority from Samuel Torrence printing any "ticket stickers" for him of any kind. How long must this base treachery continue? Republicans is the Argus doing wrong in contending with these traitors? Answer with your ballots on the second Tuesday of October.

The same persons are to renew their efforts this week on the Fair Grounds, hence our country friends may expect to be padgered no little on Wednesday, Thursday and Friday, on the subject of giving Dr. Shurlock a "good vote" in their respective districts.

The Radical, being alarmed at the situation of Dr. Shurlock, tries to figure up that if he is not elected there will be a Democratic majority in the next Legislature. To do so, it sets down Allegheny, Lancaster, Armstrong and Philadelphia counties as Democratic. This involves a change of about 18,000 votes from Republican to Democratic in those counties alone. of Beaver County.

On the second Tuesday of October next, it will be your privilege and your duty to exercise the right of franchise, a right which, through the instrumentality of the Republican party, is at last guaranteed to every foyal citizen of the United States.

All elections are important to the welfare of the people, and no one should feel that he has a right to neglect a duty so sacred.

The approaching election, owing to the measures of great public interest which will and may come before the next sessions of Congress and Legislature, will possess a peculiar importance.

The next session of the Legislature will make the new congressional, senatorial and representative apportonments, and it is therefore of the greatest importance to each district that it should be represented by republicans.

Our candidates for Congress and Legislature bring a valuable experience in their devotion to our chrished principles, and their claim to the support of a loyal people.

Our candidates for Congress and Legislature bring a valuable experience in their duties, and with our candidate for Commissioner (a one armed soldier) they have a record of past services which will be an earginest of their efficiency and fidelity in the future. As it would have been unwise to have recalled these soldiers from the army just as they had learned their martial duties, so now would it be, to permit their places to be filled by those inexperienced in parliamentary duties. As they have, at all times, been consistent in their devotion to the principles for which they were willing to offer their lives, let us continue to them that support which our party gave them when in the field.
