THE Pittsburgh Commercial rayed itself in a new typographical suit on Monday morning. It presents a neat and "newsy" appearance. In referring to its own prosperity it says: "at no time has the patronage of the paper been as large or the business in every respect as satisfactory as at present. It is not only firmly rooted, but constantly increasing-a state of things which we interpret to mean that the public is ever ready to support independent and intelligent journalism.

THE Director of the mint in Philadelphia-ex-Governor Pollock makes -a suggestion in his recent report which will be favorably received by all who read it. THE New York World (Dem.) denounces John H. Surratt, in unmeasured terms. It says it is simply infamous for any one, with a full knowledge of all the facts attending his history, to help him to make his filthy living. By paying to hear his lecture on what he knows about the assassination conspiracy, does that much for him. The World, no doubt understands, that the favors shown to Surratt, and the respect accorded him now, will be hurtful to its party in the future. They allege that a systematic effort has been on foot for a year or two, on the part of certain persons in New York to buy up all the Pennsylvania R. We do not attach much importance to these stories. The Officers of the Penna. R.
