It is composed of the pure Junes, or Vital Primiciple of Elects, Hotbe and Elects, (or as medicinally termed Extracts,) the worthless or inert portions of the ingredients not being used. Therefore, in one Bottle of these Bitters there is contained as much medicinal virtue as will be found in several gallons of ordinary mixtures. The Roots, &c., used in this Bitters, are grown in dermany, their vital principles extracted in that country by a scientific Chemist, and forwarded to the manufactory in this city, where they are com-

Containing no apprituous ingr dients, this Bitters is free from the objections urged against all oth-ers; no desire for stimulents can be in-duced from their use, they cannot make drunkards, and cannot under any circum-stances, have any but a beneficial effect. was compounded for tasks not inclined to extreme bitters, and is intended for use in cases when some alcoholic stimulent is required in counection with the Tunic properties of the Bitters. Each bottle of the Tonic contains one bottle of the Bitters, combined with pure SANTA CRUZ RUM, and flavored in such a manner that the extreme bitterness of the Bitters is overcome, forming a preparation highly agreeable and pleasant to the palate and containing the medicinal virtue of the Bitters. The price of the Tonic is \$1.50 per Bottle, which many persons think too high. They must take into consideration that the stimulent used is guaranteed to be of a pure quality. A poor article could be furnished at a cheaper price, but is it not better to pay a little more and have a good article? A medicinal preparation should contain none but the best ingredients; and they who expect to obtain a cheap compound, and be benefitted by it will most certainly be cheated.
