ED!—T. J. & H. J. CHANDLER have pur-chased the exclusive right of Beaver county

chased the exclusive right of Beaver county right of Beaver county to use Dr. Stuck's Patent by which they can put up Vulcanite as thin as Gold Plate, with a beautiful enameled polish; and so light and elastic as to perfectly adapt itself to the mouth; obviating all that clumsy and bulky condition, so much complained of heretofore; and least on one seein, it would be willing to wear the old style plate any longer than they could conveniently get them exchanged. All branches of Dentistry performed in the best and most substantial manner. In filling teeth with gold, etc., we challenge competition from any quarter, and can refer to living subjects whose fillings have stood between thirty and forty years. Among the number Hon. John Allison will exhibit fillings we inserted some 35 years ago; the teeth as perfect as the day they were filled. Laughing Gas prepared on a new plan, freeing it from all unpleasant and dangerous effects, making the extraction of reeth a source of pleasure rather than of horror and pain. Prices as low as any good dentist in the State, Office at Beaver Station, Rochester Pa.
