two thirds the price paid in gold before the tariff on steel rails went into effect. Here we have the Protective Tariff starting up a new industry and cheapening prices. Upon the other hand Congress, last year, cheapened the duty on iron, conceding two dollars a ton to the importers' clamor against the duty on that article. And now mark the consequence. The reduction of the duty was followed within a week by a rise in the

price of pig iron in the English market of two dollars a ton, but, remarkable fact, only upon those brands which are marketable in America. Consumers of pig iron are not benefitted one cent-and it was not intended they should be, as the change was engineered through Congress solely in the interests of British iron-mas ters. If the seven doliars duty was all taken off the British might run the price down seven dollars, until they had shut upail our furnaces and secured the market to themselves and then the people would have to pay them whatever they asked .- Ameri-
