It contains the main Doctor in his management of Lung and other Chronic Diseases, with certiticates of some very extraordinary

points of treatment pursued by the cures in this immediate vicinity. Thousands of witnesses can testify to the value of Dr. Keyser's Lung Cure, not only in the incipient or forming stages of Lung diseases, but even in long standing chronic cases. That the mortality of Consumption could be greatly lessened by early attention and thouse of Dr. Keyser's Lung Cure can hardly be questioned, when we look at the important cures of persons who live under our immediate observation, and who walk our streets daily in good health, rescued
