Vote of Thanks.—At a meeting of the Soldiers' Orphans of the Philadelphia School the following paper was unanimously adopted: Whereas, the Soldiers' Orphans of the Philadelphia School have been organized, and have secured the spontaneous kindness and sympathy of the citizens of this county, and the Economy Society, our united desire and prayer shall be that God will ever bless and prosper them, and make us worthy of their favors. A. W. Colts, Secy.

A GREAT many persons complain about colds and coughs, but never stop to inquire why they get them. The cause is often found in the lungs. A man named Unstead & Hartzog, who have just returned from Italy, have discovered a new and powerful remedy for these ailments. It is called 'Unstead's Lung Cure' and is said to be the most effective ever known.

Better than Fretting.—As sunshine is better than shadow, so cheerfulness is better than fretting. A pretty story tells of a man who was in a bad mood until he met a woman who was cheerful. She taught him to look at the bright side of things, and he became a different man.

Legal Points Briefly Stated.—A note by a minor is void. A note issued on Sunday is void. A contract made with a minor is void. A contract made with a lunatic is void. A contract made with a person who is intoxicated is void.

Five Hundred Thousand.—500,000 bottles of Green's Great Peppermint Cure have been sold in this State in three months. The cure is said to be the most effective for coughs, colds, and asthma.

Small Horses.—The Southern Farmer says the arguments may all be in favor of great size, but the facts are to the contrary. Small horses are more manageable, more economical, and more useful than large ones.

Gashing Paps.—The following recipe was received by a lady for the cure of gashing paps. It is said to be a very effective remedy for this common ailment.
