The former scientist and thence by pipes to oil tank cars, and idents of the meeting, who were not there, having the larger tilescope saw the new celestial body some two days before it East, without change. You see cars of cannot be seduced by such empty honors came within range of Plantamour's less powerful instrument, yet undoubtedly

here for this wonderful and valuable product of nature. Pithole has been burned out two or three times, and most of the buildings not burned have been removed. Still there is quite a settlement and considerable oil found in the vicinity.

I met at this place a Beaver county nan, Mr. Henry Wickham, who is General Manager of the Pithole Railroad, this morning Profesor Bockh, of the extending from the Oil Creek Rallroad at Oleopolis to this point. He is also Superintendent of the Sunday School. highly esteemed both by the company

Western Railway is engaged now in ex-

now being erected for an iron bridge ed. For eight consecutive days the two over the river at this place, which will izens, and must very considerably enhance the price of real estate. It is exceedingly unfortunate to be on the wrong they have been doing evesince, keeping side of a river with ho means of crossing but a ferry boat so, obstinate that it rein sight. Among others I observed a very neat and substantial bank buildwho propose to embark in banking, in matter it gradually disapeared from the ness. They are gentlemen of strict integrity and of acknowledged business being able to supply a want that has long

been felt in the town. Tidioute, some twenty miles above the sout of the immense territory and operstions of the Economites, shows very would wane with the receding of the oil ishing town, though the transient population may be greatly diminished. Fine brick blocks have been, and are being erected, and nearly a score of first class dwellings are now being built. The suspension of the fisher Brothers created an intense excitement through these regions, where they have nearly a half dozen offices. It is safe to say that no firm has done more than this one for the development of this country; and the business men cannot afford to let them be crushed. They will no doubt get a sufficient extension to enable them to resume in a short time. Their integrity in the controlled by C. D. Cultive and Franklin, controlled by C. D. Cultive and Franklin, the husband testifies that the injured woman threw a ball of water over him and tore up two of the shirts. If a more miscellaneous case of domestic infelicity can be producted between different at the time there was a general collapse in cildent. It was the general prostration that made the prolonged superasion of Mr. Culver a necessity. He at time there was a general collapse in cildent. "My Picture was taken by II. Noss, New Brighton."
