Report of the County Superinten ent for the month of March, 1873, Whole number of public examinations, it whole number of females exal certificates issued, 2; whole numbe time spent at each, 1h 25m; whole number of Directors with Superintendent, 13;

produced a number of pagers, articles of tion. I told you in my last letter that a measurement, blank order, dec., and number of Senstors were exceedingly one have been visited the second time. Of Chikins & Co william light to go, but the trouble is, no The schools in the rural districts have writing light and william light the second time. their purposes:

"It is very common for the lobbyists agreement, blank order, &x., &x., and number of Senators were exceedingly on have been visited the second time, to approach public men though their informed Mr. Curry that it was necessariant anxious to go, but the trouble is, no The schools in the rural districts have families. Mrs. A. or Mrs. B. will receive by that he should sign in dividing an Senator or Member of the last House closed with but the executions. I now their office from the McKinley build- magnificent presents from seasons who ing to the room formerly occupied by ere but little more than casual sequent.

The should sign in duplicate an season of the last House closed with but few exceptions. I very laker Reed ing to the room formerly occupied by ere but little more than casual sequent.

The should sign in duplicate an sequence of the last House closed with but few exceptions. I very laker Reed or the room formerly occupied by ere but little more than casual sequent. ing to the room formerly occupied by the Deputy U. S. Assessor on Third street.

Their first impulse is to return the articles, but they are so handsome, and just what they have been wanting from Wheatland here and comes highly recommended by those who know him and know of him. He is a graduate of Washington College had some experient.

The order for a specimen mackine, one of can be appointed, because the Constitut which they want the mouth of return the articles, but they are so handsome, and just what they have been wanting from Wheatland here and comes highly recommended by those who know him and know of him. He is a graduate of Washington College had some experient.

Thomas wagoner was tion explained, because the Constitut tion explained, they would retain; the other was tion explained to the manufactory. In the action. As the close of many of the examinations which were the action. As the close of many of the examinations which were the other was tion explained to the manufactory. In the other was the close of the examinations which were the action. As the close of many of the examination as the close of the exam possible to do so. I heartily approve of Bitcheim Stiles & Javens the custom of spending the last two days of the term in examination and review J II Witherspot ble—and so, after a little struggie, they decide to keep the gifts.

Of course some especial civility must be shown the givers of the presents. This is done, and the first point of lobby it is gained. In a little wille the wife is won over. She thinks the scheme an excellent one—and honestly thinks it too—and will be so beneficial to the payable to Alfred Ingalls or bearer had served too—and will be so beneficial to the payable to Alfred Ingalls or bearer had served decide to keep the gifts.

fore Mr. C.'s eyes. The specimen drill ator or Representative shall be appoint of the term in examination and review, sent in the course of a few months, seceived a notice from the First National Bank of this place to the effect that a note for two hundred dollars signed by him and payable to Alfred Ingalls or bearer had sent to go, and Senater Davis, of the term in examination and review, sent in the crown of the term in examination and review, and hope that directors will give this matter more attention next year. I would recommend them to insert this as one of the requirements in the article of agreement between directors and teaching the first point.

It witherspoon of the term in examination and review, and hope that directors will give this matter more attention next year. I would recommend them to insert this as one of the requirements in the article of agreement between directors and teaching the first point of the term in examination and review, and hope that directors will give this matter more attention next year. I would recommend them to insert this as one of the requirements in the article of agreement between directors and teaching the first point.

It was a first point of the term in examination and review, and hope that directors will specific to make the matter more attention next year. I would recommend them to insert this as one of the requirements in the article of an examination and review.
