Medicinal.

NATURE'S GREAT REMEDY

FOR THE

It is gratifying to us to laform the public that Dr. L. Q. C. Wishart's Pine Tree Tar Cordial, for Troat and Long Disease, has gained an enviable reputation from the Atlantic to the Pacific coast, and from thence to some of the first families of Europe; not through the press alone, but by persons throughout the State actually benefitted and cared at his office. While no publishes less, so say our reporters, he is unable to supply the demandit gains and holds its reputation—

First. Not by stopping cough, but by loosening and assisting nature to throw off the unhealthy matter collected at ut the throat and bronchial tubes, which causes irritation.

Becond. It removes the cause of irritation Second. It removes the cause of irritation (which produces cough) of the mucous membrane and bronchial tuber, assiets the lungs to act and throw off the unbealthy secretions, and purifics throw on the unicating secretions, and purines the blood.

Third. It is free from squils, lobella, tpecac and oplum, of which most throat and lung remedies are composed, which allay congh only, and disorganize the stomach. It has a soothing effect on the stomach, acts on the liver and kidneys, and lymphatic and nervous regions, thus reaching to every part of the system, and in its invigorating and purifying effects it has gained a reputation which it must hold above all others in the market.
