Mr. Speaker, you will probably agree with me, that it is not the duty nor the province of gentlemen on this side of the house to fix the individual responsibility for all this.

The statement in several of the Continental papers that Prince Arthur Patrick, third son of Queen ictoria, is engaged to the Grand Duchess Mary, only daugther of the Emperor of Russia, is now repeated by the London press, with some additions. First, that the Prince of Wales, and his sister-in-law, wife of the Czarovitch, have greatly contributed to this union, and, next, that Prince Arthur will go to St. Petersburg immediately after the return of the Czar, who is now in Italy. It is not unlikely that the Princess of Wales had more to do with this matchmaking than her husband. In 866 her sister, the Princess Dagmar, of Denmark, married the Czarovitch, heir to the crown of Russia. We believe it our christian duty, after deliberation, to conscientiously request sufferers to use it, especially persons in moderate circumstances who cannot afford to waste time and money on worthless mixtures. As clergymen we seriously feel the deep responsibility resting on us in publicly endorsing this medicine. But our knowledge and experience of its remarkable merit fully justifies our sction. Rev C.
