Why is the term "Commencement" used in designating the closing exercises of a college year' Answer.- It is the beginning of the college

year, when students are expected to present themselves for examination and admission. For anerly, the term began with the public exercises, but the time is now changed and the name is retained, -New York Observer. -The above is just as clear to us as

mud. Will not some of our own Professors throw a little light on this much used but imperfectly understood term? Our columns are at their service for anything on that subject.

-----Wool .- The wool market has not opened up very active in this county, although a considerable quantity has from 40 to 45 cents.

The following is what some of our neighboring exchanges have to say about wool in their respective localities:

Since our report of Inst week, wool has moved more lively, and our streets begin to look fleecy. Buyers report that over 309,000 pounds have already been bought in the county. The prices have ranged from 38 to 50 cents, 43 being the
