POLITICAL.

-The Massachuseets House of Representatives has rejected the Woman Suffrage resolution by a vote of 142 to 83

-The President, on Monday of last week, nominated David Tidball, Esq., as postmaster of New Castle, for a period of four years. The nomination was promptly confirmed by the Senate. The 'Squire has held that position for a number of years, and has made a faithful and accommodating official.

-General Luperon is about to inaugurate a revolution to overthrow President Baez, of San Domingo.

-Gladstone will probably resume the premiership of Great Britain of Thursday. -A demonstration in favor of Irish home rule took place in London on Sun-

-Several large bands of Carlists have been defeated at Pampaluna, Spain, re-

-Governor Straw, of New Hampshire, has nominated the Hon. John E. Sargent

-Tennessee's Legislature is really try. ing to do something for the financial honor, not to say nonesty, or the State. It is proposed to fund, the past due interest and redeem the same next year. This action is commendable.

-Ex-Senator Sawyer, of South Carolina, will probably be appointed Assistant Secretary of the Treasury.

-Henry Howard has been nominated for Governor by the Probibitionists of Rhode Island.

-Virginia politics are already becoming very lively, in anticipation of the coming State election, and, as it will be hotly contested by both parties, both sides will, no doubt, aim to bring out the strongest men. Colonel R. W. Hughs is the most prominent candidate for Governor spoken of on the Republican side. Including many popular gentlemen who are mentioned for Conservative nomina. tion is Robert E. Lee, Jr. Among those spoken of for Conservative nomination for Lieutenant Governor is William Kilgour, Commonwealth attorney at Alexandria,

-The National Labor Council, at a meeting in Washington, on Saturday evening, appointed a National Executive Committee and received letters promising earnest co-operation from different States.

-The largest number of dismissals ever made by any President at one time will be on the 20th of May next, when sixteen hundred Assessors and Assistant Assessors of Internal Revenue will be dis-

with pretty general approbation, both at the hands of the public and the press.

-Says the Pittsburgh Commercial of the 18th inst: The President, on yesterday, sent to the Senate the name of Judge P. C. Shannon, of this city, for Chief Justice of the Supreme Court of Dakota. This is but a proper recognition of Judge Shannon's services in the cause of Republican ism, and will meet the approval of friends of both parties in all parts of the State. He is in every way qualified for the position, and will no doubt serve with honor 10 himself and the Chief Magietrate by whome he was appointed.

ALL the changes that will be made in the force in the office of the Secretary of the Commonwealth have been perfected. The following is a list of the appointees under the administration of Hon. M. S. Quay .

ROCHESTER, March 12, 1873. Editor of the Radical:

Allow me to say, through the columns of your paper, that in making up the Temperance ticket of Rochester borough, which you published in your last issue, the nomination for Assessor was, by mistake, omitted. As it is my duty to rectify the mistake, I will do so by saying that Robert Mears, Esq, was nominated for that important position. And as the temperance men look upon your paper as the friend and champion of our cause, permit me to say in their behalf that we mean to adhere firmly and unflinchingly Physicians will always find a complete stock to the cause and course we have adopted. the Drs. Oldshue Elegantly Remedeled-A Laboratory Addded, Comfortable Quarters and Increased Pacilities.

Physicians; as a rule, exercise discriminating care in fitting up, their offices with all the paraphemalia essential to intelligent practice, and some even combine elegance with convenience. In the latter category the Drs. Oldshue must be placed. They have for many years enjoyed an extensive as well as lucrative practice, which, constantly increasing, rendered increased facilities necessary. Their office has been several times enlarged and remodeled, but still their list of visiting patients so increased that they were obliged to erect an addditional building: This has just been completed; and their double suite of rooms remodeled so as to secure the greatest convenience, comfort and elegance.

The first and main office is the reception room, which is entered from Grant street, by the old doorway. To the right is the ladies consulting room, access to which is also gained from Grant street, but by a private door, disconnected with the general entrance. On the left of the reception room is another private consulting room, and in the rear is the Laboratory, so that there is no ne cessity for entering the main from to procure med cines or retire—an advantage which lady patients always appreciate. The reception and consulting rooms are handsomely furnished, and in their new adornments of paintings and upholstering present

a most luxurious appearance. The Laboratory is a special feature in itself, constructed for the particular purpose of obtaining accuracy in compounding prescriptions. Here the medicines from the very base to the composite state are continually under the immediate supervision of the physicians, so that the greatest accurecy is secured. In charge of the Laborators is a chemist of fifteen years practical experience-Thus patients can have the utmost confidence in the purity of the medicines, and the accurate compounding of the prescriptions; while the widespread reputation of the Drs. Oldshoe themselves furnishes a guarantee of their trustworkiness and ekilland which been deserved only by constant and intellight application to the arduous duties of the medical profession in its varied phases. It gives us pleasure in thus noting the evidence of their enterprise and success. - Puttsburgh Post,
