

GENERAL NEWS.

The printer's strike in Breslau, Germany, has terminated. A dispatch from Rome to London says that Pope Pius is slightly ill. Old Custer, the Communist, is worrying the Portuguese police. Dumas has just paid 50,000 francs for a newly discovered picture by Rubens. The steamers Alexandria, Australia and Moggie have arrived out. Dio Lewis believes in the co-education of sexes. The New York Graphic is printing a series of cartoons aimed at the railroad corporations. Salvini, the great Italian tragedian, will visit the United States in August. The Rev. Dr. Thompson is recruiting before large audiences in Berlin on the Church in America. Charles Nixon, murderer of Pfeiffer, at New York, has been convicted of murder in the first degree. The condition of Congressman Brooks is improving, and if no relapse occurs he hopes to leave Washington within a week. Senator Stewart, of Nevada, is building a palatial mansion in Washington, D. C., the cost of which will be one hundred thousand dollars. Major General Hancock is to go to Wilmington on the 22d of April, to transfer the Delaware battle field to the State Historical Society. James L. Ridgley, Secretary of the Grand Lodge, I. O. O. F. of the United States, is said to be dangerously ill at his residence in Baltimore. Secretary Robeson is making arrangements to have a cottage erected at Long Branch, which he will occupy this summer. Graf & Co.'s tube works, Pittsburgh, were burnt on Saturday night. Loss \$50,000; insurance, \$50,000. Theatrical manager John A. Stevens, of Omaha, sees the Omaha Exposition for \$10,000 damages for despoliation of character. The Illinois Farmers' Convention met at Springfield, Ill., 2d effect, permanent organization and appointed committees to prepare business. The jewelry manufactory of Tingler, Simms & Co., in Newark, N. J., was robbed of goods to the value of \$3,000 on Friday night. Bark's extensive planing and sash factory, and also a number of adjoining buildings, were burnt in Toronto on Saturday. Loss about \$25,000. Vice President Wilson will remain in Natick, Mass., most of the summer, and will employ his time in completing his history of the rebellion. Henry Ward Beecher recently returned from his Western lecturing tour, having realized the handsome profit of \$21,000. A block of buildings, comprising the principal portion of the business part of Wardville, Ontario, was burnt on Saturday morning. The loss is about \$50,000. The latest fruit reports from Missouri, Illinois and Michigan are encouraging, and the news comes from Delaware that the peach crop will be a very fat one. A dispatch from Washington states that no authority is known for the report that the Secretary of the Treasury will deposit ten million dollars with the New York banks. Prominent New York bankers and bank officials called upon President Grant one evening of last week, and presented their views on the financial situation. It is said that the stockholders of the New York Tribune, when they put up their new building, will leave Horace Greeley's sanctum exactly as it was when he died so that it may in future be a sort of journalistic shrine. At Cincinnati on Wednesday of last week quite a number of stone cutters demanded that their wages should be raised from \$1.50 to \$3.00, and quit work because the employers refused to yield to these terms. How general the strike is has not been developed. Committees of the Anglo-American Telegraph Company, the Society for Cable Trans-Atlantic and New York, New Foundland and London Telegraph Companies have agreed upon an immediate amalgamation of these lines, subject to ratification by the Board of Directors of each company. General L. B. Van Buren, Chief Commissioner of the United States to the Vienna Exhibition, and Dr. A. H. Rippon, Wm. P. Round and John S. Cunningham, Assistant Commissioners, have arrived in London. After remaining there a few days they will proceed to Vienna by way of Paris. Archbishop Percell, of Cincinnati, has laid down a rule especially aimed at trade-unions, that no Roman Catholic can unite with any association requiring an oath as a condition of membership, and the sacrament of communion is refused throughout his diocese to Crippling and all such. A requisition has been made upon Governor Dix by the Governor of Kentucky for George MacDonald, of Bank of England forger notoriety, and the police of Louisville have requested the police of New York to hold MacDonald subject to the requisition, should he not be extradited. MacDonald is known in Louisville by the name of Sweet. The rapidist writer connected with the New York press is said to be Wm. Henry Harbair, of the New York World. He frequently writes a column of editorial in half an hour, and doing a column in three-quarters of an hour he regards as very slow work. The way he accomplishes this is to use a sort of shorthand, which only he and the compositor can decipher. The Governor of New Jersey Wednesday the 21st signed the anti-monopoly railroad bill, and flags were flying in Trenton in honor of the release of New Jersey from railroad monopoly. A bill has also passed both Houses of the Legislature to exempt from municipal taxation the main stem and principal passenger and freight depots, excepting at terminal points, to include ten acres, and all other property, including rolling stock, to be subject to municipal as well as State taxation. Mrs. James Gordon Bennett, who died at Kongsburg, Saxony, last week, commenced life in a humble way, but the advantage of an excellent education, coupled with a mind of more than ordinary vigor, made her a woman of note, and one who leaves a large circle of friends and admirers. At the time of her marriage, which occurred on the 6th of June, 1819, Mr. Bennett made the occasion conspicuous in the columns of his newspaper, and afterwards faithfully recorded the birth of his children in the same manner. Four children were born to them, two of whom, a son and a daughter, survive. Mrs. Bennett at one time wrote a number of letters from Europe for the N. Y. Herald, and these distinguished by much vivacity and dash. A large fire occurred at Parker's Landing on Thursday evening of last week. It broke out at one o'clock, and was not brought under control until two o'clock, A. M., destroying the Parker House, Central Hotel, Exchange Bank, Savings Bank, post-office, Western Union and Pacific and Atlantic Telegraph offices, and a number of other edifices, comprising the most valuable portion of the town. Loss over \$200,000. The insurance will cover a considerable portion of the loss. The fire is supposed to have been the work of an incendiary, as it is three firsts that has occurred there within thirty hours. The flames spread upon both sides of the street in a westerly direction, from where the fire was stopped at the upper end of the town, toward the old Park & Mass.
