We are indebted to H. H. Coe, of Denver, for a copy of the Annual Report of the Denver Board of Trade for 1872. The report says:

"The growth of the City, the enlargement of its trade, and the general prosperity of its citizens during the year 1872, has been exceedingly gratifying. Our population, estimated at from 8,000 to 11,000 on the 1st of January last, is now placed by competent judges at 15,000. The city's taxable wealth, returned at \$6,772,908 in 1871, at the end of 1872 ex ceeds \$8,500,000. The trade of the past year shows an excess of \$3,500,000 over the previous year.

Every Disease has its Remedy.

Upon this broad fact is founded the whole art and science of medicine.

That every disease has its curable stage, under proper treatment, there can be no doubt. That they have their incurable stage, under any

treatment, may be equally true. The curable period is during the early part of

the disease, of course; the incurable being the advanced condition—the last stace. To know the precise nature, extent and locality of the disease is of the first importance in the

treatment of any case. This is precisely the reason given by Drs. Oldshue, of Pittsburgh, for bringing into requisition the Microscope, Test-tube, Urinometer and al' the Chemical apparatus for the scientific examination of the urine in all chronic and complicated cases. The long afflicted have not been slow to appreciate these scientific aids, and the consequence is, their office is one continued throng of patients, from all parts of the country, seeking the advantage of this skill in diagnois.

A knowledge of the appropriate remedy, however, is quite important, as without the remedy no advantage would be gained by knowing the

Every disease has its remedy. This is verified in the fact that different medicines spend their action upon different parts of the human system. As each particular disease spends its principal baneful action upon a certain organ or tissue of the body, according to its peculiar nature, so each particular remedy spends its medicinal action upon a certain organ or tissue, according to its

medicinal qualities. Having a knowledge of the true nature of the case, as also of the appropriate remedy, the next matter of importance is its proper preparation and

This should be carefully attended to, and, as far as practicable, all medicines should be examined by the physician before being put into the hands

of the patient or nurse. This is done in the office of Drs. Oldshue, before mentioned.

All their medicines are compounded and their prescriptions filled by their own special direction. and under their own supervision.

No medicines are passed from their prescriptions but through their hands.

To the Lady Readers of the Radical.—The fair readers of this journal have likely all their favorite place for supplying themselves with that all interesting and absorbing article of fashionable dress which is considered the most difficult and fin jshing of a lady's toilet, we mean Millinery, a Hat or a Bonnet. To those ladies in doubt where to find the right place, to get their Millinery done in the most fashionable and reliable style, at the least cost, we would say go to Mrs. J. H. Bence, 3d street, Beaver, she is one of the most favorably known Practical Milliners in our county, and to her numerous friends, and patrons, it is not necessary to say this, but to those who are strangers in our midst, they cannot do better than to give Mrs. Bence a trial. Mr. J. H. Bence has just returned from New York City, where he has made such arrangements as will secure us the styles, in Beaver, on the same day as they are out in New York. It is an established fact that at this establish ment, Hats, Bonnets, Ribbons, French Flowers, Silk Scarfs, Hosiery, Kld Gloves (Alexandre's best,) Corsets, Veil stuffs Hair goods, Men's shirts, and other articles to numerous to mention here, can be bought as cheap as at the lowest price house in Pittsburgh. A word to the wise is sufficient, give her an early call at her new and more commodious place, nearly opposite the well known old stand, Third street, Beaver, Pa.

The Quarterly Conference in the M. E Church commences on Saturday evening. May 10th, and continues over Sunday. The entire services will be conducted by the Presiding Elder, Rev. S. H. Nesbitt, D. D., late editor of the Pittsburgh Christian Advocate. All are cordially invited to be present.
