Those tramps who did not tramp far away, and who one day last week broke into the house of Mr. Wm. Edwards, below Vanport, and stole a watch, some forty dollars in cash and destroyed a lot of ielly and preserves prepared for winter use, had better return the stolen goods and money before the Sheriff is sent after them, for by so doing they will save them selves further trouble, and perhaps a free ride to Allegheny. Take this advice and DETECTIVE.

The Lawrence Guards and Reynolds Rifles, who went into camp at Camp Daugherty on the 11th inst, under command of Gen. Winans, broke camp on Saturday. The Lawrence Guards, under Capt. James Hale, and accompanied with the New Castle brass band, made a fine appearance, and deserve praise for their discipline and soldierly bearing. A finer body of men than the Reynolds Rifles cannot be found in this section of country. Although the weather was a damper, the boys enjoyed themselves bugely, and the company and battalion drills were conducive to health and military knowledge and discipline.

A Word to Working People.-Mechan. ics, artisans, factory hands, and people who labor for a living, find it very difficult if not impossible to keep the hands free from stain. Hand Sapolio will not only remove every particle of stain and what is called "grained in dirt," but it will also keep the skin soft and pliable, rendering the muscular action as quick and easy as is the case with those who do not perform hand labor. It is only 10 and 15 cents a cake, according to size. Every mechanic should use it constantly in place of all

The Wear and Tear of Life.

The cares, anxieties and misfortunes of life have s much to do with shortening it as disease. They are in fact the source of many ailments and physical disabilities Nervous weakness, dyspepsia, affections of the liver, disturbances of the bowels, headache, hypochondria and monomania are among these distressing fruits. It is, therefore of great importance that persons whose minds are oppressed with heavy responsibilities or harrassed by family troubles, or excited by speculation, or perplexed by a multiplicity of enterprises, or in any way over taxed or overworked, should keep their stamina by the daily use of a wholesome toric. Thousands of persons thus circumstanced are enabled to bear up against the difficulties in which they are involved, and to retain their strength, health and mental clearness by the regular use of Hostetter's Stomach Bitters. Diseases which are prone to attack the body when debilitated and broken down by over-much brain work, or exhausting physical labor, are kept at bay by the resistant power with which this incomparable tonic endows the nervous system and the vital lorgans. At this season, when the heat is evaporating the elements of strength from every pore, an invigor ant is absolutely essential to the safety and comfort of the public, and is required even by the more robust if they desire to keep their athletic capabilities in status quo. Hence a course of Hostetter's Bifters is particularly useful at this period of the year as a defence against the invisible disease affoat in a suitry atmosphere. It is the most potent of all preventive medicines, and for all complaints which affect the stomach, the liver and the bowels, and interfere with the perfect digestion and assimilation of food, it is the standard remedy.
