**TO COLLECTORS**  
 By the act of the 11th of March 1823, the power of collectors to collect county taxes upon warrants issued previous to the passing of the act, was limited to two years; that period has now elapsed, and as it is presumed that the collectors have received the amount of their respective duplicates, the Commissioners have directed me to give this notice, that unless they come forward on or before the first Monday of August and discharge the balances due by them, they will be proceeded against immediately thereafter, without respect to persons. Collectors of 1822 I will consider themselves included in this notice, more especially as John Keller and James James collectors of 1823 have shown that it is possible to collect the amount of large duplicates within one year at farthest. The former has settled and paid his account in toto.
