M. of said day; at which the Coroner, Justices of the Peace and Constables within said county will take notice, that they be then and there in their proper persons, with their rolls, records, inquisitions, examinations, and other remembrances to do those things which to their offices appertain to be done; and all suitors, jurors and witnesses are also requested to be and attend at said court, and not depart without leave.

JOSEPH BUTLER, Sheriff.

NOTICE.

The subscriber respectfully informs his friends and the public, that he intends to continue teaching in the Bellefonte Academy, in the English department, and by strict attention to his pupils, he hopes to merit a continuance of the public patronage, which he has hitherto received.

He also intends teaching a class in English Grammar, in the winter season, four evenings in the week, two each evening, and during that time, he is confident that his pupils, by close application and unwearyed exertions, will attain a radical knowledge of the English Language, so as to enable them not only to speak grammatically, but also to compose and write with perspicuity. This differs materially from the pedantic fifteen hours three weeks system, which has been proved to deceive the illiterate.
