Wednesday Morning, March 3, '69. Tun Drug Store of F. P. Green will be removed, April 1st, 1869, from Brockerhoff's row, to the new Hotel of Bush & McLain, over the creek. Jan. 20tf

FOR SALE .-- A first class farm, within two miles of Bellefonte, is now for sale. Any person wishing to buy, can learn full particulars, by calling at the office of the Bellefonte Republican.

JUSTITIA .-- We are sorry your communication reached us too late for insertion in this number. From the character of its news, &c., we think it will net dowill be too old for our next. It is good. however. Send us another. Mail, so as to reach us on Monday.

ENGRAVING .- Some of the finest speciwere shown us on Monday last. They were executed by Frank P. Blair, son of Gen. Wm. H Blair, of this place. Frank has great reason to feel proud of his skill in this particular. We understand that Frank holds himself in readiness to execute the fancy jobs in this line for all the jewelers in town or county.

NEW TOBACCO STORE .-- We understand that our young friend LEVI A. MILLER has rented the store room in JERRY Burr's new brick building on Allegheny street, in which he intends to open a tobacco store and eating house on the European principle. The room will be divided: the store room and eating dedartment will be separate. Truly, Belle fonte is spreading herself and putting on style.

REV. PARDOE. - This excellent man and christian minister, pastor of the M. E. Church in this place for the last two years, is soon, in the economy of that Church, to lcave us. If we are compelled to part with him, it will be in sorrow. He has accomplished much good while here, and could do much more, if he could remain. We hope the Congresstion will petition the proper authorities to have him remain another term

OUR WESTERM LETTER .- " Our own Em Quad" has failed to come to time --We know not the cause; but we feel that our readers will be disappointed. We hope he will get the steam up, the machine in motion, and be on hand with "another of the same" for our next number. We have become accustomed to it. We cannot do without it. The paper don't look right; don't sound right, don't read right without it. Come along "Em Ound. The people think you are a gay and festive "cuss."

More New Building. - We are pleased to learn that our friend, Robert Mc-Knight, has made arrangements to erect two large and handsome frame buildings ed, who can doubt that the gentlemen on his lots fronting on High street. He has the enterprise and the will | might as readily secure the means for its Would that some of our capitalists would eatch a little of the same spirit. We want two hundred new houses in town to-day. If we had a few more men like Robert McKnight we would not want long.

Unionville.-This is one of the most pleasant towns in the county. Pleasant ly situated on the Lock Haven & Tyrone Railroad, and its inhabitants are about as pleasant, jolly a set of men and wo men as can be found in any community J. & G. Alexander, B. Bich, Dr. J M, Blair, and many other good and true Republicans reside in this town. A few Democrats are to be found. Just enough to keep the Republicans faithful, and on the lookout. It is best, perhaps, that all the the citizens do not belong to the Republican party. There are a few, however, that should at once come over to the Republican party.

ENTERPRISE .- Shortlidge & Co. deserve great credit for the efforts they have made, and are making, to supply as low rates as is possible in this market. They have now almost finished a build ing, extending from one end of their coal yard to the other. This is under goof and enclosed. From this henceforth, therefore, the citizens will get dry coal. Hereafter there will be no necessity for procuring coal and housing in the Sum mer, in order to have it dry in the Win ter. The enterprise of Shortlidge & Co. obviates this difficulty We hope that this firm will meet with the encourage mont they deserve. Protect and encourage home industry is our doctrine.

THE BEST DAIRY .-- A f-w weeks ag we published, says the Tioga Agitator, the yield of Mr. B. Monroe's dairy, with an opinion that it would not be best en. Mr. Sanford Strait, of Lawrence. sends us the yield of his dairy in 1868, which not only beats Mr. Monroe's, but will not be beaten by any other, in our I kept seven old cows and one 2 year old made butter which sold for \$482,92; and . from the buttermilk we realized in calves and pork \$145.00-a total of \$627 92,

Township Elections .- We intended to publish, for the benefit of the renders of the Republican, the election returns of each of the townships and boroughs in the county, Thus far we have not been able to procure them, and no one has taken sufficient interest to report for us.

BROKERHOFF'S MILL.-In another column of the Republican will be found the advertisement of T. J. & I. C Cole. This tisement. is a good firm. They pay the highest market price for grain of all kinds, warrant their flour good, and are anxious to mens of engraving we have ever seen share in the patronage of the public.-We wish them success."

> NEW LIGHT .- Lorb, May & Loeb invited us to their well furnished store few evenings since to see the "New Light," made by Petroleum fluid, manufactured by J. J. Palmer. This fluid has been in use more than a year, and is growing in favor wherever used. It makes the brightest and best light, of anything of the kind we have ever seen It is recommended as making 'no offe to sive oder, no smoke, no grease to soil garments, no danger from explosion in

BELLEFONTE AND LEWISBURG RAIL ROAD.—The Mifflinburg Telegraph is ful ly aroused on the subject of a Railroad from this place through Union county .-We are pleased to see this, and hope the Editor will continue his efforts in this direction. VELOCIPEDE .-- Hoop, burrah! Centre ounty has a velocipede. There is always some genius turns up to keep our county up with the times. Boalsburg has the honor of the first valocipede in he county. We are informed that Mr. Enrob Sweeney manufactured it, and cot run ning, all the same night. We und derstan d that the whole town is in a state of excite. vert, and our friend Enoch is the admirad of all admirers. We trust he will mount his velosipedal horse and pay Bellef 'nte a visit.

WHY Go SourH? - We learn from the

Philadelphia Press that Col. Jno. W. Forney has established a "Land Office," for the sale of Southern lands, in connection with the office of his Washin'g'on Chronicle nespaper. Shortly after ("ol. Forney established this office, he start, of on a tour through Virginia and North Caroline, and h s given the result of his t vavels, what he saw, the animus of the pool wle, the great speculations, the furnace grist and -aw-mill sites, &c , in a series of letters published in the Philadelphia Press The Colonel is a most excellent writer, and paints a nice pen picture of affairs in the Southern States, but in our

opinion his picture is too highly painted. He represents everything quiet in North Carolina, and says that the civizens of that State are alk anxious to welcome Northern men and Northern capital, but we notice that, notwithstanding these s atements published by our friend Col Forney, that Governor Holden of North Carolina finds is necessary to repair to Washington to implore Congress not to remove the military-the U. S. soldiers Col Forney in relation to the animus of mistating the true condition of affairs in the Southern States; but we know these people, and we know, too, how smoothly they can talk, and how patriotic they can become, willing to accept the situation,

obey the laws and protect the Northern emigrant, until they sell their lands and obtain the money of said emigrant .has an opinion of his own, and attempts is not wanted in that community. We need not, in this connection, repete the outrages and murders of just such men,

committed by the Ku-Klux Klan, goadland in those States. We know what we affirm, for we have investigated scores of these cases. West Virginia may be, and we believe is, an exception to the general rule, but we would advise our people to keep out of the Southern States, at least for farming purposes, for some time to come.

There are thousands of opportunities in this State, and in the great West, for people to invest their surplus funds, and | 82. gard to life and limb. If Col. Forney ilar, let us hear no more of Buffalo or himself acquainted with our people, and the natural advantages of the place, we think he would be induced to turn his mind in this direction, instead of the

Southern States. Our water power is not surpassed, nor equatled, by any in the United States -Our facilities for all kinds of manufactories are far superior to those of any of the New England towns, or States Here, in Bellefonce, are superior chauces for large fortunes. Col. Forney may travel through every Southern State, and, we venture the assertion, he will never find any thing in comparison.
