Mr. Stein survived the st. 0 about three fours. He leaves a wife and two children to mourn their loss Mr. Stein had attached himself to the M. E. Church about two weeks since.

TRUE .- An exchange gets up the following: "The boy who lurks and longes about with a gang andoying families. or who indulges the wicked habit of insulling per-ons who pass by his bunging place, or in assaulting people who give no offence, or who thinks is the proper sort of thing to take a drink when he is out for a " spree" at night, or on Sunday, is in constant danger of just the kind of rows and broils that end in bloodshed and murder. At one end of his career, is this habitual lounging, loafling. disorder, dissipation or ruffichism, and at the other, if he keeps on in the same path, is the prison or the gallows."

RAILBOAD EMPLOYES.—The new lav relative to ra lroad employes provides as follows: If any person or persons in the service or employ of a rattroad or other tran-p rtation company, doing business in Pennsylvania, shall refuse or neglect to obey any rule or regulation of such company, or by reason of negligence or any precaution or rule which it was his duty to obey and observe, and injury or death resulted to any person or persons by such neglect, the person or persons so offending shall be deemed guilty of a misdemesnor, and, on conviction thereof, shall be sentenced to poy a fine not exceeding five thousand dollars, and to an dergo an imprisonment in the coun'y jail or State penitendary not exceeding five years. "At no period, perhaps, in their life do young men need the inspiration of virtuous love and the sympathy of a companion as when they first enter the battle are permanent moralities, and deferred marriages are temptations to wickedness And yet every year it becomes more and more difficult, concurrent with the reigning ideas of society, for young men t is the proper guard of their virtue as well as the source of their courage and enterprise.

THE KAILBOAD .- It would appear, says the Lewisburg Chronicle, that the proposed Railroad from Lewisburg to Bellefonte, is gradually getting into a tangible shape. The right spicit now prevails and we hope those who are pos-essed will not let go until the incalculable benefit is placed beyond a doubt.

How to Build up Libraries .- Cleveland, says the Meadville Republican, has set up a free library, under one of the best laws of Ohio, which authorizes a tax of one-tenth of a mill to be levied for free libraries, in every city with a population exceeding 29,000 inhabitants The young library is under 6,000 vol umes, but the achievement is of infinite value in the example thus offered to the people of other States and cities.

Pennsylvania should have a similar w. We should have a law, rather, which would apply to every city and horough, regardless of the number of inhabitants. With such a law, how long would it take to establish a library in our town, that would be a creditable institution, and the means of saving many of our young men from falling into bud habits, consequent upon idleness and want of good and in-

teresting books. If P. G. Meek desires to render his name immortal by doing one noble act, let him at once move in this matter, and secure the passage of the law

We fear, however, he will not do it, because it would enlighten the minds of Cloverseed young America, and asthey would arrive at the proper age to exercise the elective franchise, would invariably vote the Republican ticket. BELLEFONTE & LEWISBURG R.R -The following letter was written, and no loubt intended as private; but it is so full of interesting news in connection with the new Railroad, that we give it publicity. We hope our Centre county people will arouse to action .

MIFFLINBURG, Mar. 9, 1869. A. B. HUICHISON, Esq. :- At a Railroad meeting, held here yesterday, Union county was fully represented, and an organization was effected for the purpose of extending a road from Lewi-burg, through Union county, westward. It was the wish of the meeting that a joint meeting of Union and Centre counties be held (probably at Asronsburg, about April 8th,) for the purpose of uniting all the favorable interests. A committee (of which I was one) opened correspondence with Mr. Coburn, Peter Wilson, Mr E Blinchard, of Bellefonie, and others along the line, to enlist the aid of Centre county so as to effect an organization then and there, for a through road to Be lefonte, to connect with the Snow Shoe Co., via. Bealsburg. The time is short, and I fear the slow process of correspondence | Stove Coal, Wilkes Barre..... may too long delay a proper understanding, and I write you to suggest that you announce an early day for a meeting of your Centre county friends of the project, and if Aaronsburg, April 8th, will suit your meeting, then's general meet ing, of all the friends, and all interested along the line, will be called, and an effort made to effect such a measure as will secure immediate operations. I seems to me there are enough interests rife for action to secure the road if they can but be organized. Please confer with Mr. Blanchard, of the Snow Stoe Co , and see if you cannot agree upon a call for a conference of your Centro co. friends for the purpose of agreeing upon a time and place for a joint meeting of Union and Centre counties, and en isting an interest in this project.

There is perfect harmony of action here, and Union county will do her full share of the work. The Lewisburg delegation here cordially approved, and were eager for action.

Very respectfully yours, &c., J. R. Orwig.
