Imperialism.

A few weeks since we published an article in relation to the Imperialist, a sickly newspaper started in New York a short time ago, in the interest of a monarchy for the United States, and be ratified by the requisite number of about which Democratic journals got | States, the Democracy make no facup a fictitious alarm, because, as they avowed, it was in the interest of the Radicals, has promptly rebuked them by declaring against GRANT and the Radicals, and advocating a despotism with the rebel Gen. LEE at its head. By reference to our former article, our readers will see that this is just as we predicted. We declared that it was started in the interest of the Democratic party, as every monarchist in the United States or England sympathized with that party, and that it was edited by a Rebel, a Democratic rebel sympathizer, or an unnaturalized Eng glishman. We also affirmed that it was started by English and rebel money, and run in the interest of Free Trade Democracy and England.

Now that it has chosen Gen. Rob ERT E. LEE for its chief despot, all doubts are cleared away and its Democratic proclivities fully established. Gen. LEE, P. G. MEER'S favorite

General, appointed, or chosen to the Throne, will, of course, settle the question as far as the Watchman is concerned, and hereafter, no doubt, we will have earnest articles in that notoriously disloyal sheet in favor of monarchy, ROB'T. E. LEE, free trade, the Imperialist, and the English nation generally. These Democratic leaders, North and South, are, and have been monarchists at heart for many years. They will, of course, now go with the Imperalist and their favorite Gen. LEE. They are disciples of John C. CAL-HOUN, who, years ago, declared himself not only in favor of States Rights, but in favor of a monarchy or an aristocratic Government. He declared in a letter that "We, the people of the South, are not Democratic, but aristocratic; that we vote and act with the Democrats of the North simply because that through them we control the Government." But, said CAL-HOUN, in the same letter, "whenever we fail to control the Government through the Democracy of the North, then we will secede and establish for ourselves a new Government, an Aristocracy or Monarchy." The Watchman has never ceased to preach the doctrines of John C. Calhoun-it advocated that the rebellion was right, and that the effort on the part of the United States Government to suppress the rebellion was wrong, and denounced ABRAHAM LINCOLN as a tyrant for attempting to save the Union and the national life. The rebels, in MEEK's estimation, were gentlemen, fighting for their rights, their firesides and their homes; while the "Boys in Blue" were "Lincoln hirelings," "cut throats," "robbers and thieves." Mr. MEEK has, moreover, always been a great admirer of Gen. LEE, justifying all his acts, praising his strategy, and lauding

his military skill to the heavens. Can any one doubt the course MEER will pursue, now that the Imperialist has come out openly in opposition to GRANT and the Radicals, and in favor of a monarchy-a despotism, with ROBERT E. LEE at its head? Poor MEEK! his advocacy of CALHOUN-ism will yet ruin him. It has ruined the Democratic party. Their only hope of success, of political resurrection from the graves in which they have so long been reposing, mouldering, rotting-is through the establishment of a monarchy and the agency of BRITISH GOLD.

Vain hope! Your doom is scaled. The intelligent people of the United States will never trust you more. They abhor and condemn your record. They scorn you as they do the record and actions of the Tories of the Revolution. You are on the downward road. The Imperialist cannot save you. General ROB'T. E. LEE, rebel, and traitor, and perjured villain as he is, cannot save you. Treason and CALHOUN-ism have weighed down the Democratic party. Its tendency is downwards, down, down, and it will continue to go down until it finds its level in its native hell, with the Father of lies, and the original advocate of State Rights and secession-

make his way in the world.

BEELZEBUB—the Prince of Devils. WE learn from an exchange that the salaries of clerks in Broadway, New York, range from one hundred to four thousand dollars. The four thousand dollars exceptions are exceedingly rare. A thousand would be a large average. The Broadway clerk must be at his post by eight o'clock or fined; is kept on his feet all day, with barely time to swallow a lunch at noon, and is free at seven and as tired as a farm laborer. The Democracy "Caving In."

Gilbert C. Walker, who has been adopted by the Rebel Democracy of Virginia, as their candidate for Governor, declared in his Lynchburg speech on the 15th inst., that he was in favor of "UNIVERSAL AMNESTY AND IMPARTIAL SUFFRAGE." "Impartial Suffrage" he defined to

mean an equal right of Suffrage for the white and the black man. The Northern wing of the Democracy are preparing to "cave." The Chicago Times-the great Democratic orand business men will please make a gan in the Northwest-last week treat-

ed the question thus: "The question of negro suffrage may perhaps be regarded as a dead issue. Democrats do not believe in what is called "human equality," as the doctrine is taught by Radicals of the present day, in this country, but they do believe in obedience to the constitution and if the Fifteenth Amendment shall

The Irish Republican.

The Executive Committee of the National Irish Union Republican Association, in accordance with instructions given them by authority of quenchable; and on the execution of the public meeting at which they were appointed, have issued a long, earnest and eloquent address to their fellow countrymen and fellow citizens, in the course of which they say:

We call on every Irish American on this continent, by his duty to his religion and his God, by the free instincts of his race, and by the hope of the independence of his country, to come out of this polluted camp of injustice and oppression, and to range himself under the glorious Bepublican banner, which secures liberty, fully and forever, to each and all to whom God has given it.

The tremendous conflict from which

America lately emerged was one in which men's souls were tried. To the brave men who took their lives in their hands, and rushed to the defense of the Ropublic, we owe everlasting obligations. Among them we are proud to say that our, country men occupied no secondary part. Fredericksburg, and Fair Oaks, and Gettysburg, and many a hard fought, field beside, saw thousands of them lay down their lives that liberty and the Union might live. And since peace has returned, we are glad indeed to bear record that, regardless of all previous political connections or association, most of them have voted as they fought. Hence, of Irish Republican votes at thelast Presidential contest, perhaps considerably over one hundred thousand were cast for Grant | while we write, the ruling class in Engand Colfax. On mutual consultation all were agreed upon the need of a more perfect organization. A meeting was called by public notice, and a series of resolutions agreed to, which are to

be regarded as the platform of the The great importance, indeed we may venture to say the absolute necessity, of such an organization has long been manifest to all who take an enlightened interest in the welfare of our race, in the preservation of our free republican institutions, and in the progress of true liberty all over the world.

From the Harrisburg Telegraph. The Irishman in American Politics.

The most surprising anomaly in American politics at this moment is the Irishman, but especially the Irish Catholic. From that beautiful country there comes to our shores a never ending, constantly augmenting, stream of the descendants of those whose lives, for seven centuries, have been embittered by English conquest, violence and spoliation. Peeled and scourged as no other people, save the children of Israel, have been, these Irishmen seek our shores for peace, for freedom, and for the plenty which obstructive tyranny has denied them at home. And no sooner do they reach our shore than their every act seems to indicate a forgetfulness of the injustice they and their forefathers have suffered at the

hands of their English tyrants. It would be idle to attempt to give a synopsis of the cruelty which the Irish people have suffered at the hands of conquerors in the space at our disposal: but a meagre outline of the conspicuous acts of barbaric cruelty they have present day do not believe in the theory suffered, will furnish Irishmen, who of the Declaration of Independence or think, strong reasons, and stronger mo-
