JAMES KREPS.

STILL THEY COME. - We received, on Monday last, a backet of Sweet Bough apples, grown by Henry Garver, Esq. who resides in l'otter tp., 21 miles from Centre Hall. They were larger than any Bough apples we have ever seon, and much larger than those of the same variety presented us by Mr. Dale. One of them measured four inches in diameter.

Pic-Nic .- The Reformed Sunday that place, on Saturday, Aug. 14, 69 .-The students of the County Normal Institute" had an invitation extended them. and they accepted. There was an excellent dinner served, and every one enjoyed themselves hug-ly; at least appeared to.

Hon. E C. McClung, banker, of Lock Haven, is taking his annual siests at the residence of Hon Rob't H. Duncan, of Spring Mills. An accomplished gentleman and scholar, of wide experience, not less roted as a prime busines man, then for wit and high-toned socialist. Mr. in business relations.

COUNTY NORMAL INSTITUTE -This now numbers near thirty students, and near that many more are expected Teachers should avail themselves of this opportunity of receiving instructions in the science and art of teaching We need a good corps of teachers in this county, and as we have no State Normal School in this District, this County Norn-a' School should be well supported. The course of instruction is as near that of State Normals as practicable.

CAMPMENTING .- The Loop compriseting, which commenced on Friday last. was attended on Sabbath last by ab ut 500 people. The utmost decorum was observed, and much good is expected to result from the righteons gathering.

The meeting in Brush Valley was largely attended, a thousand or more persons participating. Great enthu-iasm prevails, and the Divine power i manifesting itself in a powerful manner. On Friday of this week, a campmeet ing will commence about two miles from Spring Mills. A large attendance is predicted.

Low Spirits .- Exercise for the body occupation of the mind, these are the grand constituents of health and happi ness, the cardinal points upon which everything turns. Motion seems to be a great preserving principle of nature, to which even inanimate things are subject; for the wind, waves, the earth itself, are taking several hour's exercise every day, if possible, in the open air; if not, under cover, will be almost certain to secure one exemption from disease, as well as -that monster who is ever waylaying the rich and indolent. Low spirits cannot exist in the atmosphere of bodily and mental activity.

SABRATH-SCHOOL PIC-NICS.—Camp meetings and Sabbath-school pic-nics predominate "about these days." Some two hundred scholars, and friends, gathered at the Union Church, in Gregg tp.. on Saturday last, and are said to have had an unusually pleasant occasion.

On Saturday of the present week, the Sabbath-school children of Spring Mills have arranged to hold a grand pic-nic in the beautiful grove adjoining the Spring Mills church. Rev. J. D. Wilson, N. Y city, will address the gathering. Ample arrangements have been perfected to render the day one of much pleasure and profit.

At the Sabbath-school pic-nic in Ferguson tp., on Sabbath last, half a thousand, or more, children, relatives and friends gathered, and the day was made memorable for its interest and pleasure.

DIAMOND DRUG STORE .- F. S. Wilson, proprietor of the Diamona Drug Store, is letermined to keep a little ahead of all competition. His supply of drugs and chemicals are fresh and pure, and his perfumery the best in the market. His. sparkling Arctic Soda is a pleasant bevrage indeed.

ICE CREAM .- Our enterprising friend, two small children. An elderly lada Z. T. Better learn to eat it now; be cause, if the Democrats get into power and carry out their ruinous free trade doctrines, the furnaces will all stop, the mine banks will cease to afford you living, the manufactories will all stop. There will be no wages-no work. It this calamity ever should befall this State and Nation, we tell our Democratic friends they will thank God for brown bread, or any other kind of bread. But it can never come until the honest peo ple become fools. In the meantime, we will continue to recommend to weak stomachs Mr. McDowell's superior brown bread. His ice-cream is also exceedingly fine, cold and rich.

LARGE YIELD .- Christian Dale, Esq., of Harris tp., brought to our office, last is a splendid wheat, and yields well. Mr. ber, but a white wheat with red chaff, is a choice article of wheat, and yielded 33 bushels to the acre, weighing 64 lbs to the bushel. Persons wishing to change their seed, should call, at once, upon Mr. from attacks of low spirits, or annui Dale. FINE APPLES -We were presented, last week, by Mr. C. Dale, with a fine lot of apples, embracing the following varieties: The Red Astracan, the Strawberry, the Golden Sweet and the Sweet Bough. It was hard for us to determine which Red Astracan commences to ripen about August, is a supurb cating apple. Mr. Dale is hard to beat as a fruitist.

So forcibly has it appealed, says an exchange, to popular admiration, that no and very little opposition from any one. inconsiderable number of young men have the same affectionate caress bestowed on them out of respect for that same venerable relative. CLUB ORGANIZED —The political campaign has now opened in good carnest. The people of Centre county have grown tired of the rule of "cliques" and "rings," and have resolved to throw off the manicals which have so long bound them to the disloyal Juggernot, Democracy, and declare themselves freemen. Centre county has been cursed long enough with copperhead misrule. The people see it, and have resolved to act accordingly .--To this end the Republicans of Bellefonte, and quite a number of independent Democrats, met in the Republican Club Room, on last Saturday evening, and organized for the campaign. The meeting was large and very enthusiastic. It was called to order by Jas. H. Raukin, and Capt. Lytle elected President. Mr. Rankin then made a short, but very effective Brown, who made a few remarks. There is a "light in the window" for the Republicans of Centre this fall. A glorious a flea through a ten-mile swamp for the victory awaits us. Democracy, by reagrease he would yield, as to attempt to son of its own corruption, is falling to pieces. Warren preached in the morning and evening, and Rev. Jas. Mullen at 3 o'clock, p. m. The sermons were good, well delivered, and, as we looked over that large audience, we could see by the countenances of some of the sinners, that they felt as if it were all intended for them; and, every here and there, throughout the vast assemblage, we could see an old backslider, the tears chasing each other, in rapid succession, down his cheeks, while he listened to the words of the Text, as they echoed and re-echoed over the ground and through the woods-"Why stand you hear all the day idle?" Their very actions proved that they did not feel at home—that they were strangers in the house of their friends-"without hope and without God in the world:" but when we remembered that the God of Israel had declared Himself "married to the backslider," and again, that He "had no pleasure in the death of the wicked," we thought all the SECRET HISTORY OF THE backsliders on the camp-ground took courage, and we thought we could see and hear them resolving, then and there. "to return, and come to Zion with songs and everlasting praises." Campmeeting disclosures, made id this work, are creating is a good institution.
