GET UP CLUBS.—We hope that our friends in each of the townships will go to work to secure a list of subscribers for the campaign. The price of the Republican for three months is \$0.50. Every member of the party should subscribe for it. We appeal to Post Masters and others to get up clubs for the Republican.

ARE YOU REGISTERED?—All citizens who desire to vote at the October election, should see to it that their names are on the Registry, as made by the Assessors, under the new Registry law. Naturalized citizens must present their certificates to the Assessor when applying for registration, unless they have been voters in the district five consecutive years. It is well to attend to this matter in time, so that all who are entitled to vote shall be registered.

Ratification Meeting. The ratification meeting held in the Court House, on Wednesday evening, the 25th inst., was a complete success. A large number of resolutions were adopted by Republicans as well as Democrats.

At 10 o'clock, the meeting was opened by calling Capt. A. B. HURCHISON to the chair, and electing JOHN HURCHISON, Capt. LITTLE, Secretaries. Upon taking the chair, Capt. HURCHISON made a short address, in which he reviewed the record of the Democratic party for the last ten years. He showed how the leaders of the Democratic party had sacrificed their Jeffersonian principles, their honor and their manhood, by embracing the slave dogmas of the Southern leaders of that party. He showed in the most lucid manner, the time when the party embraced the State-Rights theory of JOHN C. CALHOUN, and that other and still more devilish doctrine which grew out of, and was twin sister to the CALHOUN fallacy that "Capital should own labor." He showed that slavery was anti-Democratic, and that no party could embrace it, and the peculiar dogmas necessary to its perpetuity in the country without calling down upon itself the curse of a just and merciful God, and the indignation of the American people. "Whom the God would destroy, they first make mad." So it was with these Democratic leaders.

After deserting all the liberty loving doctrines of the fathers and founders of the country; after calling down the vengeance of Heaven upon themselves for their unparalleled oppression of a portion of God's creatures, they fill the cup of their iniquity full to overflowing, by drawing the sword and making war upon the Government—a Government which had never wronged them in the smallest particular.

In this wicked war, Mr. HURCHISON showed that the South was aided by the leaders of the Democratic party North—that Pres't BUCHANAN had proclaimed the anti-coercion doctrine, and the false and traitorous principle afterwards adopted by the party, that there was "no power in the Constitution to coerce a State." He showed that ASA PACKER, WOODWARD, WALLACE, CLYMER, VALLANDIGHAM, PENDLETON, and all the other leaders of that party had embraced this false and dangerous doctrine, and while they sympathized with, and aided the cause of, the enemies of the country, they so to bring down to their own level—the whole Democratic party. How well they succeeded let the history of the past ten years answer.

Mr. HUTCHISON spoke of our country ticket as one eminently "fit to be made," and called upon all loyal people, and especially his fellow-soldiers, to aid more in planting the "old flag" high on the ramparts of freedom. He said if the loyal people of Centre county did their duty, that the "Court House Ring" would be driven—like

Gen. LEE and his rebel hordes—horse, foot and dragon—into that obscurity which their treason has merited. After exhorting all to do their duty, and calling upon the honest, intelligent portion of the Democratic party to come over to us and aid us in the glorious work of building up the Government, by the blessing of God, had saved from the effects of Democratic treason and traitors, introduced to the audience, the Hon. H. B. SWOOP.

Mr. SWOOP, for 1 hour and a-half, held that large audience spell-bound. He is emphatically one of the best stump speakers in the State. He understands the record of the Democratic party, and is not afraid to tell it. He had listened to the speeches of Mr. CORTELLI, of N. Y., and coffee-pot WALLACE, of Tuesday evening. These speeches, he said, afforded him a text. He first reviewed the speech of Mr. CORTELLI. It did not take him long. Not a grease spot of the New York lawyer was left. He showed how inconsistent this man was, in coming from N. York to Pennsylvania, to preach against negro suffrage. He showed that negroes voted in New York, and had done so for years, and that the right to do so had been conferred upon them by the Democratic party of that State. He, CORTELLI, was a pretty tool to talk about negro suffrage. Mr. SWOOP then took up coffee-pot WALLACE, and for about one hour poured in a continuous flow of hot shot and shell, demolishing every argument adduced by WALLACE. WALLACE, said the speaker, talks of corruption at Harrisburg; are his own skirts clear? Why does the pure and immaculate WALLACE remain in Harrisburg, and mingle and associate with these thieves? A man is known by the company he keeps. GRAY MEEK was very anxious to go back, and WALLACE could not be induced to resign.—BURNS, and POTTER, and MEEK, and WALLACE! Glorious Quartette! They talk of corruption—of honesty—of fair dealing—of retrenchment and reform! If you want the tax payers borne down with taxes, and the State overwhelmed with debt, turn it over to such men as WALLACE, MEEK and the fourteen Democrats who voted last winter to raise their salary from \$1000 to \$1500 for the session. The speaker said he was not acquainted with JACOB MEYER, the Democratic candidate for Assembly from this county; but JAS. BURNS and Gen. JAS. POTTER would soon teach him the ropes, and put him in the way of getting rich, fast, on a very small salary.

Mr. SWOOP then took up the record of the Democratic party. He showed that for a period of thirty years—from 1829 to 1859—with the exception of three gubernatorial terms, the Democratic party held the Executive power of the State, and with the exception of three or four years, perhaps, entire control of the Legislative branch of the State government. During this period, he said, including the light debt contracted previously under Democratic administrations, the State was saddled with a debt of \$4,000,000, and a State tax of three mills on real estate, producing annually about \$1,800,000, was levied in 1844 to pay the interest. This was purely Democratic policy. That party is fairly chargeable with the \$4,000,000 debt, and the \$1,800,000 tax. And this is not all. They are responsible for the war of the rebellion; and, being responsible for the war, they are responsible for its consequences; among which we may reckon \$5,000,000 extraordinary expenses, which the State was obliged to incur, to enable her to act her part in the war, and subsequently a sum which will probably reach \$10,000,000, to house, feed, clothe and educate the orphan children of brave soldiers and sailors who perished in combat, or died of disease, or exposure in the service of their country. With these \$15,000,000 the Democracy are, therefore, also chargeable, their expenditure being the legitimate result of the rebellion, and the rebellion being the legitimate fruit of Democratic doctrine. Carrying out these ideas, and this same train of thought, Mr. SWOOP went on to show that by the close of Gov. GEARY'S administration, the regular State debt will have been reduced fully ten millions, and the war debt, and soldiers' and orphans' education expenses about eight millions, and there will remain in the State Treasury, railroad bonds of the Pennsylvania company, or guaranteed by it, some twelve millions more. To make it clear, said Mr. SWOOP, let us recapitulate. And to substantiate his position he stated the case as follows:

State Debt, created by Democrats, \$4,000,000 War Debt, created by Democrats, 5,000,000 Soldiers' orphans, created by Democrats, 10,000,000 Total, \$19,000,000 Paid off by 10 yrs Republican rule, \$18,000,000 Railroad bonds, \$12,000,000-30,000,000 Debt provided for, \$25,000,000

"The Democratic party by the act of April 29, 1844, had fastened upon the real estate of the tax payers a State tax from which about \$1,800,000 annually was realized. This was repealed by the Republican administration of February 3, 1866. The thirty years policy of the Democratic party may be summed up in fighting corporations and taxing the masses of the people. The Republicans have repealed the tax upon the masses of the people, and put it upon the great corporations that have grown up. Railroads, banks and manufacturing corporations now pay the taxes which sustain the State government. If Asa Packer should be elected, he, of course, will not like his coal and railroad corpora-

tions to be taxed as they now are under a Republican legislature. He will insist on the repeal of all this, and that the Democratic legislation of 1844, taxing real estate, should be restored."

Mr. SWOOP closed his speech with a beautiful and eloquent episode on the dignity of labor, and the great doctrine of Protection to American Labor. His speech will not soon be forgotten by those who heard him. Notwithstanding the lateness of the hour, the audience still lingered, as if they were anxious to hear more, whereupon WM. C. HOLAHAN, of Bedford, Pa., was called out, and for a few minutes entertained the audience in a neat, forcible and eloquent speech. Mr. HOLAHAN is a native of our county, a young man of great promise, of good moral character, and an indefatigable friend of Liberty, and equal rights for all. We hope to hear him when he will have a better opportunity. The meeting was a complete success. The speeches were all good. The arguments unanswerable. Every Republican present was full of hope and enthusiasm. All resolved to go home and work as they had never done before for the success of Republican principles—our noble standard-bearer, Gov. JOHN W. GEARY—and the whole county ticket.

Reasons for Supporting Geary. The following excellent reasons why Gov. GEARY should be re-elected, we find going the rounds, credited to 'a cotemporary': "Because he has been a faithful, efficient and honest Chief Magistrate. Because he is the nominee and representative of a party that stood by the country in the hour of danger, and that stands by the principles of justice and freedom, upon which our government is based. Because he has been tried and not found wanting, neither in his devotion to the principles of true Republicanism, nor in his integrity in adhering to the strict line of principle in all his official acts. Because he is a man whose private character is unblemished, and whose habits are such as meet the approval of all good citizens. Because, Pennsylvania owes it to her honor and fair name not to permit a brave and gallant soldier who drew his sword for her safety, in the hour of her deadly peril, and who has served her faithfully in time of peace, to be defeated by one who sympathized with her enemies when the dark cloud of battle lowered, and the fierce conflict for national existence surged around her. Because a just regard for the memory of the martyred dead, who fell in heroic struggle for national existence, forbids the State to place in high official position those who sympathized with her enemies. Because the triumph of the Democratic candidate in this State would be the triumph of the principles of Free Trade, and a deadly blow to the policy of Protection to American Industry—a policy to which the hardy sons of the Old Keystone have always been devoted. Because the triumphant re-election of Governor Geary would rejoice the hearts of the true friends of the nation everywhere, while his defeat would bring joy into the camp of its enemies. Besides the above there are these additional reasons why workmen should vote for him: Because he stands upon the record as a true friend to Labor and the laboring man, as shown by his support and approval of the Eight Hour Law in this Commonwealth, and by refusing to order out the military to guard, as criminals, the miners and laborers of the coal regions during suspensions, when requested to do so by certain nervous capitalists. Because he is the nominee, and a consistent member, of the party which has done all that ever has been done in this country to ameliorate the condition of laboring men, by abolishing slavery, passing Eight Hour laws, and protective tariffs. Because his opponent, Asa Packer, is closely and largely identified with interests antagonistic to the cause which Labor is now fighting for, and if elected would certainly do all in his power to crush it. A SILLY LIE in the Reporter, writing from Harrisburg to that gullible sheet, states that JAS. P. COBURN sold MAGEE that he would not support him—MAGEE—for School Superintendent, "because he was a Democrat," although conceding his fitness. What Mr. COBURN did say when MAGEE asked for his support, was that his hands were tied and he could not support him. COBURN, however, agreed to remain at home in case the remaining School Directors did, and not go to Bellefonte and oppose MAGEE'S nomination. MAGEE said "all right," but like a true Democrat, he hired a man to take the other Directors to Bellefonte to vote for him. Again, he offered to serve the people as Superintendent, for \$600 per year; but immediately called a meeting of the Directors, and asked for \$1200. How's that, Democratic tax-payers of Pennsylvania? Let the Aaronsburg nincompoop quit his silly fibbing, or write for the Watchman, which nobody believes. Three years ago, Clymer, a man of some intellect, was the Democratic candidate for Governor. He was defeated. Now it is Packer, a man with plenty of money but a great lack of brains. We suppose their hope is that "money will make the mare go."

The Importance of The Present Campaign. Every intelligent Republican, says the Harrisburg Telegraph has seen all along the importance of the political campaign soon to be entered into, and with a will, by both contending factions. How well the Democrats know the importance of a victory on their part, is easily ascertained by a cursory view of their line, and the desperate measures they are about to put in force to secure their ends. By a defeat of the Republican ticket the affairs of State would be thrown into Democratic hands. There would be a Governor, Secretary of State, Attorney General, Adjutant General, &c., placed in power, all opposed to the advancement of enlightenment; and we would be governed with the same random carelessness that characterizes the controlling power in Kentucky and other Democratic States.

By the election of a Democratic Supreme Judge, the standing of the Republican Court would be changed from Republican to Democrat; and partisan motives would cause the Registry and other wholesome laws to be declared unconstitutional. Matters before the Supreme bench would be in a sad plight for years to come; and, if we judge from the past, fraudulent naturalization papers would again be issued without number, and greater frauds than ever winked at by the highest tribunal in the Commonwealth. Should Democrats carry the State by the inactivity or careless indifference of Republicans—for no one doubts for a moment that we have an honest majority of over 39,000 in the Commonwealth—there would be a Democratic Senate and House of Representatives, a Democratic State Treasurer, and consequently the most reckless expenditure of the State funds for at least a year to come that has ever been heard of. If any man doubts the foregoing sentence, let him look at the expenditures of the Democratic Legislatures in other States during the past two years. Take Ohio, for instance, where unheard of knavery and extravagance ruled the hour of Democratic ascendancy. Look at Maryland, with less than one fourth of our population; yet her expenditures for two years past have nearly equalled if not exceeded ours. In addition to this, the farmer may expect, as in good old Democratic times, to again be called upon to pay a few dollars per acre for real estate tax. Protection to the laboring classes will be launched at, and the Democratic leaders generally are "down on tariffs." The monopolists of New York would delight in the repeal of the tariff on iron especially, and by their hoisting Asa Packer into power, there would be inserted into great works to help split the hated tariff beam. Already some fire eating Democrats talk of repudiating the national debt. By their elevation to power in Penn'a, they would grow more bold on the subject; and Penn'a, once Democratic in name, if not in fact, would mightily help them to carry out their villainous schemes. Lastly, by Democratic accession, our State debt would again begin to grow, and from the hour they might spring into power. This we know from the fact that our debt was never known to steadily decrease under Democratic Government, while under Republican rule the contrary has invariably been the case. With all the facts before us, is there not a greater responsibility resting upon the Republican party in Penn'a, to-day, than has ever before been the case? Let every lover of permanent peace, prosperity and happiness then awake to the reality that this is a campaign worth contending for, and of much greater importance to the vital interests of our State than any campaign of the past.

WILL some of our critical Democratic friends, perhaps J. G., himself, tell us something concerning the Haines pet, "oil" company, in which some \$30,000 in stock was subscribed in Haines and Penn townships? Perhaps the *me, fa, so, la*, laing candidate on the Democratic ticket from that section, who was one of the originators can furnish us with his record in that transaction. JAMES P. COBURN opposed the fraud.

"HISTORY repeats itself." Mr Packer was thrown into the Lehigh river in 1843 by Pennsylvania workmen. Three hundred thousand workmen of Pennsylvania will throw him into the Salt River in October 1869. We have the *Village Record's* assurance that this fact will be accomplished at the time specified, which will be a repetition of the history of 1843. We wonder if the voters of Miles tp., have improved in knowledge since J. G. MEYERS pronounced them too ignorant to understand his method of teaching music! We are willing to trust them to the polls so far as MEYERS is concerned. MEEK speaks of FRED KURTZ of the Centre Hall Reporter as the "little dutch villain who defeated his nomination." When knives fall out, etc.

"GRANDFATHER'S STOVE." Our grandfather's stove, what a fun y old thing. So deep, so wide and so tall; Now the people would say, who are stylish and gay, "It was only a hole in the wall." It matters not what it was, it was pleasant to see "When night's mantle was hung over all; Grandfather took down his good book and read By the light from the hole in the wall. As the sturdy young men rolled in the great logs, They would laugh at each wintry squall. Whilst grandpa would sit on her old creaky and knit By the light from the hole in the wall. The girls then were home spun, and so did their best, For their grandpa's principle smell; And courtship was done and hearts have been won, By the light from the hole in the wall. The neighbors were frequently wherever they'd meet, With a word of true kindness for aid; And joy was complete to hear voices so sweet Ring round that old hole in the wall. In those days we know, folks cared not for show, Of improvements knew nothing at all; But 'twas really no joke, which great clouds of smoke Rushed out from the hole in the wall. But those days are now o'er, we shall know them no more, And all those old fashions have flown; Whilst the soles and gay are coming each day To purchase the famous "Old Home." Copied not only in couples, but in scores, as hundreds of good and wise men and women have done before, to look upon this magnificent stove, which is acknowledged to be the best cooking stove of the age. Remember the place, JOHN S. LONBERGERS, No. 3, Bush's Arcade, Bellefonte, Pa. jyl 26 '69-4f.
