

Local Department.

BELLEFRONTE, PA.

Wednesday Morning, Dec. 15, 1899.

JOB WORK.—Posters, Circulars, Bill Heads, Cards, Paper Books, Job Work of all kinds, neatly executed at the Republican Office, at reasonable rates.

SAVING MONEY.—If you want posters, circulars, bill heads, cards, paper books, first-class job work, plain or fancy, call at the Republican office. All work done at Philadelphia prices.

Fifteen persons will expiate the crime of murder, on the gallows, in this country, during the present month; once every other day.

The attention of the Town Council is directed to the obstruction in Spring creek, just below the High street bridge. The stream while it is allowed to remain.

THEY COME.—Our town is again invaded by a pack of disorganized, painted vagabonds, calling themselves "Bar nums"—"something," and are playing to a "select few" who are willing to be fleeced of their "chose change." Such institutions should be discouraged by every class of people, and they would soon cease to annoy us.

We would call the particular attention of our readers to the advertisement of the American Knitting Machine Co. They offer a splendid opportunity to almost all classes to make money; particularly farmers, who can get a great deal more for their wool by having two of these machines in the house, and knitting their wool into stockings, &c.

THEY COME.—Subscriptions to the REPUBLICAN. From all parts of the country, they come. From the East, North, West and South, they come. Every letter is full of eulogiums of our paper, and good wishes for the Editors. They all tell us to continue in the good work, until Centre county is redeemed from Democratic misrule, and the people saved from the blighting, withering curse of "Rings" and "Cliques." Have no fears, gentlemen, our work for the next year is all laid out.

HEALTH AND HOME.—We have received two numbers of this excellent Journal, devoted to the farm, garden and fireside, published by Postenill, Bates & Co., 27 Park Row, New York. Health and Home is well printed, on fine, white paper, is brimful of original and selected agricultural matter, which cannot fail to be interesting and profitable to our farmers and home-keepers. We have no hesitancy in recommending it to the people of Centre county. Single copies \$1 per annum.

HARBOR.—It is astonishing how busy J. & J. Harris, and their general clerk, H. H. Deener, are kept, at their splendid hardware store in the Brockhoff Block, Allegheny street—day all the time—filling orders—waiting upon customers, and delivering goods. There was a time when Bellefonte would not support a hardware store. Now, one is not able to supply the demand. J. & J. Harris are enterprising men, and worthy of the public patronage. Go and see them.

CONFECTIONERS.—It is with pleasure we call the attention of our readers, and all mechanics, who work in wood, to the advertisement of C. G. Schell, in another column of the Republican. Mr. Schell, as well as seen, advertises on equal, and that every carpenter should have. "It is simple in its construction, easily operated, and not liable to get out of order." It is highly recommended, and is, no doubt, a great labor-saving machine. For further particulars, see advertisement, or address C. G. Schell, Box 1314, Williamsport, Pa.

PAINTING OUTSIDE OF BUILDINGS.—The winter months are the best in the year for painting outside of buildings. In Canada, and in many portions of this country, all painting is done in the winter. Paint put on at that season of the year will wear much longer, and present a better appearance than if put on at any other time of the year. If put on in the warm season of the year, the heat absorbs the oil in the paint before it penetrates the wood, and the paint soon scales and washes off. If put on in cold weather, the whole dries gradually, and forms a hard coating that no kind of weather affects for a very long time, and leaves a glossy appearance. So says an experienced painter.

Dr. Wilson, of Philadelphia, will be at the Germania Hotel, Bellefonte, on the 16th, 17th and 18th inst., to consult with patients, afflicted of all diseases, and furnish medicines for their cure. See advertisement in another column. Private parlor for ladies.

No HUMAN.—We do not wish to inform you, reader, that Dr. Wonderful, or any other man, has discovered a remedy that cures all diseases of mind, body or estate, and is designed to make our lunatic sphere a blissful paradise, to lunary sphere that we do wish to inform you that Dr. Wonderful's "Catarth Remedy" has cured thousands of cases of Catarrh in its worst forms and stages, and the proprietor will pay \$300 for a case of this loathsome disease that he cannot cure. It may be prepared by mail for sixty cents, by addressing R. V. Pinner, M. D., Buffalo, N. Y. For sale at most Drug Stores everywhere.

THE HEALTH OF OUR BOROUGHS.—Never, within the recollection of the oldest inhabitants, was the health of our town better than at the present time. The water which we drink, and which is used for culinary purposes, flows into our reservoir from a large spring in the southern part of the borough, and is as pure as it came from the creative hand, and as sparkling as the diamond which its brilliancy so closely represents. The health of the town is seen in the well-developed forms of our men and women, in the unexcelled physical strength of the former, and the unrivaled beauty of our ladies. Their step is firm and elastic, their complexion indicative of strong vitality, and those of them who are well advanced in life, do not look as though time had left its mark upon them.

Bellefonte has, for many years, been noted for its health, and freedom from epidemics, while other places have suffered periodically from the ravages of the pestilence, our air has been unimpaired. The beauty of the town, and its surroundings, have also become historic. We live in the midst of towering hills, caoaped by a faultless sky, and invigorated by air that is never burdened by the poison of disease. If sickness troubles us at distant periods, it comes as a vapor, merely, which disappears as rapidly as the mist from the brow of the mountain, leaving the prospect more brilliant, and the landscape more picturesque than before. It can hardly be overlooked that the superior health of our borough is attributable, in a great degree, to the industry and enterprise of our citizens. A people whose minds and bodies are employed in healthful and invigorating exercise, are seldom the victims of physical ailments or mental aberrations. Drones can have neither place nor encouragement in Bellefonte. There are few here who do not follow some industrial enterprise. Our men, and women, too, usually earn what they eat and wear. The most wealthy of our citizens are engaged in some thing.—Whether it is the result of long established custom, or an irresistible inclination of their nature, life with them seems to be labor and to wait. Who have millionaires amongst us, who need never wield a pen, nor carry a pick-ax; and yet they are not ashamed to do either. Every day finds them at their places, doing something for the preservation of their own lives, and the good of others. Their example is worthy of all praise and emulation. They rise in the morning to go to work, and retire to rest at night, and their sleep is as sweet and unbroken as that of the man who is obliged to toil for his daily bread.

It is a sickle which kills the bands of health and happiness, but little margin among our plain, moral and religious people, who obey the divine injunction, "Thou shalt love thy neighbor as thyself." Such a people can always rank among the greatest of their world, by enjoyment of that pure, free and unimpeded health.

THE REPUBLICAN is now the only paper in town that is printed in the old way. But Bishop street always was a kind of a slow coach place. Wake up, gentlemen! Keep up with the times. "To lag here in the wake of a lagged behind in the wake of improvement and enterprise." This reminds us, very forcibly, of the story which, not contented with his lot, dressed himself in peacock feathers, far-sought his old associates, and commenced strutting with a flock of peacocks. The sham, as the story goes, was soon discovered, and Mr. Stork kicked out for his pride. Every feather was plucked off him, and there he stood in his nudity, a poor, silly, brainless, featherless, homely, deformed and justly despised creature, a warning to all vain boasters—to all men who get above their business, for all time to come.

Our devil, who, by-the-way, is a pretty smart boy, and a boy of very good judgment for his years, says that, if the Republican is the only paper in town printed in the old way, it is also the only paper that gives its readers good, solid, sensible reading matter in the old way; that does up the local news in the old way; that discusses the political issues of the day, fairly and honorably, in the old way, and never fails to tell the truth in the old way. If we had this opportunity to play "Pincher" and "Hooper" in Harrisburg, for two or three winters, we might, perhaps, by able, as other people, to erect brick buildings, and own printing offices, and our constituents would not desert us, and refuse to send us back, but we had all the "peacock feathers" we wanted.

As to Bishop street, we can safely say that, for wealth, enterprise and respectability, it will compare favorably with any street in town. Upon this street is located the residence of Henry Brockhoff, Esq., the wealthiest man in town. Here, too, is the residence of J. H. Mc Cleure, and the extensive saddle and harness manufactory of J. H. Mc Cleure & Son, the best in Central Pennsylvania. Keller & Musser's store, filled with the choicest variety of goods; the splendid new drug-store of Zeller & Jarrett; the Cannings House, kept by our enterprising friend, W. J. Hosterman, and kept in good style at that, are all located on Bishop street. The marble floor of T. M. Reynolds, and the large, three-story building recently erected by our enterprising friend, Edward Brown, are to be found on Bishop street, and here, too, is to be found the clean and well-supplied meat-market of our clever and go-ahead friend, B. V. Black, where the "Storks" of the "Watchman" are compelled to come every morning for their daily supply of beef and pork. Talk about Bishop street! Why, Bellefonte could not exist without Bishop street and the people, without the Bellefonte Republican, published in the old way, would be wholly left to the mercy of the water-power "ogres," with its stunted ill-sings, its disloyal doctrines, its light and trashy literature. Remember, you "wags," power men, that water will not do as much for you as brains.

RUAN TOWNSHIP PUBLIC SCHOOLS.—We are indebted to Prof. Magee for the data in relation to the schools of Ruau township:

The Cold Stream school is taught by H. O. Kline, a young man of fine talents, and superior qualifications as a teacher. Classification as follows:—Alphabet, 5; Spelling, and not reading, 4; 1st Reader, 10; 2nd Reader, 14; 3rd Reader, 13; 4th Reader, 15; (the Directors and Teachers have wisely thrown out the 5th Reader.) Written Arithmetic, 33; Mental Arithmetic, 52; (10 of whom are taught orally.) Grammar, 17; Descriptive Geography, 35; History of the U. S., 15; Singing is practiced daily. We imagine that the sweet singers of Israel would find themselves totally eclipsed if they were to visit this school, and here the mellifluous voices of these young singers, under the tuition of their excellent teacher. We should certainly pay this school a visit ere the expiration of the term. Mr. Kline has commenced a series of daily talks, or lectures on Physiology, Number of pupils, 55; (too many for one school; but Mr. Magee informs us that quite a number of these will soon go to the Loydsville school, which has lately been opened at that place, and taught by Miss. Lucy Barnhart.) In Mr. Kline's school, the teaching is thorough and scientific—the teacher using no text book while bearing recitations. Order, cleanliness and taste prevail. Scholars are respectful to their teacher and are exceedingly well.

POWELLTON GRAMMAR SCHOOL. This school is taught by Miss. Cynthia E. Lukens. School in flourishing condition, but standard rather low, there being too many small scholars, which, by-the-way, is not the fault of the teacher. This school was not well classified for want of books; but this want, we are informed, has been supplied, and no doubt the school is now well classed. The Professor says he found a 2nd Reader class of 6, which ought to be in the lower school; 3d Reader, 3; 4th Reader, 12; 5th Reader, 8; Written Arithmetic, 29; Mental Arithmetic, 29; Grammar, no books; Writing, 23; Map Drawing, Phonetic Spelling and Singing will soon be introduced, having been suggested by the Superintendent. Number of pupils, 29.

SHAWNEETOWN PRIMARY SCHOOL. This school is taught by Miss. Inez L. Shaw. In this school the Alphabet, 1st and 2nd Readers, Primary, Written and Mental Arithmetic are taught. Singing is not practiced, but will be introduced soon. Exercise in Geography. Here, also, the want of books is felt. Number of pupils, 40. All of the above are interesting schools. The hardy, bright-eyed boys and girls, having, apparently, determined to become as strong and lofty, intellectually, as are the towering pine trees by which they are surrounded. The Black Bear and Beaver Mills schools are now closed, being opened only during the summer season.

The Potter's School is not in session this winter; (Mill company forming the school having migrated.) The Directors should, in the opinion of Prof. Magee, take into consideration the propriety of opening a school at Sandy Ridge. We say, open up as many new schools, all over the county, as possible, and sustain well those already in existence. This education forms the common mind. Education makes law abiding and useful citizens, and we must say, it is education which awells the ranks of the Republican party, and casts aside the old dogmatisms which would drag us down to the errors and prejudices of the dark ages—to the advocacy of human slavery—to the exclusion of the Bible from our schools, and to the advocacy of the Calhoun and State Rights fallacies of the 19th Century. Let the friends of education everywhere guard their armor, and prepare to battle the enemies of our free school system, no matter in what form or guise they may appear.

For the Republican. PUBLIC SCHOOLS OF FRANKSON TOWNSHIP.—Number of schools, 15; graded, 2; (at Pine Grove.) Number of male teachers, 7; females, 8. Average age of teachers, 24 years. Of these, one has had no experience, heretofore, in teaching, while seven have taught more than five years. Eight have attended a County Normal School. One holds county professional certificate.

SWARTZVILLE SCHOOL. This school is well arranged, and furnished with all needed apparatus—Globe, Arithmetical Books, Maps, Zoological Chart, clock, mottoes, pictures, thermometer, writing tables, call-board, register, small, but select library kept for the use of the scholars, &c. It is praiseworthy to know that all these articles (except one set of outline maps) are furnished by, and belong to the teacher. This school is taught by Mr. Isaac Kreider. Number of pupils, 20.

Krummich school, taught by John A. Weaver. Number of pupils, 35. Oak Grove school, Miss. Sallie A. Meek, teacher. Number of pupils, 20. Centre School, Mr. C. B. Hess, teacher. Number of pupils, 37. Gatesburg School, Miss. Beckie F. Cannon, teacher. Number of pupils, 32. Stuckey School, Miss. Sadie E. Adams, teacher. Number of pupils, 24. Tadpole School, Henry J. Gates, teacher. Number of pupils, 22. Baileyville School, Miss. Kate D. Miller, teacher. Number of pupils, 22. Penna Furnace School, Miss. J. H. McCormick, teacher. Number of pupils, 32. Kepler's School, Allen Bartholomew, teacher. Number of pupils, 42. Gladus School, Miss. Angie Gardner, teacher. This school closed—teacher attending musical convention in Huntingdon county.

Pine Grove Grammar School, temporarily closed. Pine Grove Primary School, Miss. Lizsie Moser, teacher. Number of pupils, 42. White Hall School, George Homan, teacher. Number of pupils, 26. Branch School, Miss. Rose Moser,

teacher. Number of pupils, 28. The most of the above schools have been open from 3 to 5 weeks, but are not yet full, the children having been kept at home to assist in doing the fall work. Parents should strive to send their children to school during the whole of our short term.

All of the above schools, with the exception of two or three, are in the hands of efficient teachers—are well arranged—have perfect order, (indoors and out,) teaching thorough. Taste and cleanliness prevail; school-rooms decorated with mottoes, evergreens, pictures, &c. To this class, particularly, belong the Swartzville, Oak Grove, Centre, Gatesburg, Branch, Stuckey, Baileyville, Penna Furnace and Pine Grove Primary. Class-register are used in the Swartzville, Centre, Gatesburg, Baileyville, Penna Furnace and Branch schools. The classification in good in the Baileyville and Penna Furnace schools, can be somewhat improved in the others. The new school house at Penna Furnace is a good, substantial frame building, and does honor to the Board of Directors who erected it. It presents quite a contrast when compared with some of the poorer class still used in the district. There are still five houses in the district with injurious furniture. When will it be replaced by better? The Directors of Ferguson deserve praise for grading their teachers' salaries according to the grade of their certificates. This is right. Let teachers have something to stimulate them to improve themselves. We would also suggest here that, in employing teachers, those best qualified be placed in control of the more advanced schools. The attendance at the above schools ranges from 62 to 90 per cent. Number of pupils who have not missed a day this term, ranges from two to ten, in the district schools. All the above schools will be supplied with call balls. Singing is practiced in all except the Oak Grove, where it will soon be introduced. Oral instruction is given in Physiology, Map Drawing and Phonetic Spelling in nearly all.

R. M. M. HOLIDAY PRESENTS.—Ere we are aware of it, holidays will be upon us, and, dear reader, may we ask, are you prepared for the great occasion? Have you thought of that neat and appropriate little gift you duty owe to "somebody," and where you would be most likely to make a suitable purchase? If you have not, do not delay, but repair, forthwith, to the magnificent drug-store of Messrs. Zeller & Jarrett, on Bishop street, immediately opposite the Republican office, where you will be greeted, not only by an endless variety of neat and appropriate holiday presents, but by the winning smiles and bright and intelligent countenances of Will and Fred., than whom, no better fellows exist. We have not room, we are grieved to say, to mention any of their immense variety, but suffice it to say that, outside the large cities, it is unequalled. Give them a call.

"THE SLEEPER TRAGEDY, ENTIRE," will be issued at the office of the *Carlisle Herald* on or about the 24th inst. The book will contain a full account of the entire case, and will be sold at the following rates: One copy.....\$ 25 Twenty copies..... 4 00 Fifty copies..... 9 00 One hundred copies..... 15 00

Rankin is a young man of great industry and energy, and we are pleased to know that he had the good sense to choose for himself a life-partner who, by education and practice is competent to adorn either kitchen or parlor. May they long live to enjoy the bliss of wedded life, and may they ever remember that, "though fools spurn Lymen's gentle powers; Who improve his golden hours; By sweet experience learn; That marriage is rightly understood; Gives to the tender and the good A paradise below."
