prescribed or recommended. Medicines used only which will not break down the constitution, but will renovate the system from all injuries it has sustained from mineral medicines. Chronic and difficult discases must be treated upon analytical principles, which is to know and ascertain what disease is. Its nature and character require a knowledge of the chemical constituents of every solid and fluid of the human body; the chang s those solids and fluids are capable of undergoing. To know what medicines to surface the chemical constituents of all agents employed in medicine; and if we are in possession of this knowledge, it is possible to cure any disease—no matter of how long standing—and leave the patient in a healthy and perfectly cured condition. Melancholy, Aberration, or that state of abonation and weakness of the mind which renders persons incapable of enjoying the pleasures of performing the duties of life; Dyspepsia; that distressing disease and fell destroyer of health and happiness, underning the constitution, and yearly carrying thousands to untimely graves, can most emphatically be cured. Rheumatism, in any form or condition, chronic or acute, warranted curable; Epilepsy or falling sickness; all chronic and stubborn cases of Fennaie Diseases radically removed; Salt Rheum, and every description of ulcerations; Piles and Scrofulous Diseases, which have baffled all previous medical skill can be cured by my treatment, when the constitution is not exhausted.

THE LIVER INVIGORATOR

PREPARED BY DR. SANFORD. Compounded entirely from GUMS.

IS ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public, that acts as a Cathartic, easier, milder, and more effectual than any other med'cine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

The Liver is one of the principal regulators of the human body, and when it performs its functions well the powers of the system are fally developed. The stomach is almost entirely dependent on the healthy action of the Liver for the proper performance of its functions. When the stomach is at ault, the bowels are at fault, and the whole system suffers in consequence of one organ—the Liver—having ceased to do its dury. For the discreptor Compounded entirely from GUMS,

suffers in consequence of one organ—the Lier—having ceased to do its duty. For the disease of that organ, one of the proprietors has made it his study, in a practice of more than twenty years, to find some ramedy wherewith to counteract the many derangements to which it is liable.

To prove that this re-any person troubled with Liver Complaint in any of its forms, has but to try a bottle, and conviction is certain.

A BEAUTIFUL HEAD RICH GLOSSY HAIR Completely Preserved

TO THE GREATEST AGE. And who that is gray would not have it restored to former color or bald but would have the growth restored, or troubled with dandruff and itching but would have it removed, or troubled with scrofula, scald head, or other cruptions, but would be cured, or with sick head ache, (neuralgia) but would be cured. It will also remove all pimples from the face and skin. Prof. Wood's Hair Restorative will do all this, see circular and the tellowing.

ANN ARBOR, November 5, 1856 PROF. O. J. WOOD—Dear Sir; I have heard much said of the wonderful effects of your Hair Restorative, but having been so often cheeted by quackery and quack nostrums, hair dyes, &c. I was dispos-ed to place your Restorative in the same category with the thousand and one loudly trumpeted quack with the thousand and one loudly trumpeted quack remedies, until I met you in Lawrence county some months since, when you game me such assurance as induced the trial of your Restorative in my family—first by my good wife, whose hair had become very thin and entirely white, and before exhausting one of your large bottles, her hair was restered nearly to its original beautiful brown color, stered nearly to its original beautiful brown color, and had thickened and become beautiful and glossy upon, and entifely over the head; she continues to use it, not simply because of its beautifying effects upon the hair, but because of its healthful influence upon the head and mind. Others of my family and friends are using your Restorative, with the happiest effects; therefore, my skepticism and doubts in reference to its character and value are entirely removed; and I can and do most cordially and confidentially recomend its use by all who would have their hair restored from white or gray (by have their hair restored from white or gray (by reason of sickness or age,) to original color and beauty, and by all young persons who would have

their hair beautiful and glossy.

Very truly and gratefully yours,

SOLOMON MANN FRIEND Wood; It was a long time after I saw you at Blissfield before I got the bottle of Restorative for which you gave me an order upon your agent in Detroit, and when I got it we concluded to try it on

CARLYLE, 111, June 28, 1852. I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effects. My hair was becoming, as I thought, prematurely gray, but by the use of his Restorative it has resumed its original color, and, I have no doubt, permanently
